

## OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

July 22, 2024

Sharon M. Johnston  
Regulatory Consultant  
Pyranha, Inc.  
6602 Cunningham Road  
Houston, TX 77041

Subject: Label Amendment – Clarification of use restrictions based on use patterns  
Product Name: PYRANHA INSECTICIDE  
EPA Registration Number: 21165-1  
Application Date: 4/21/2022  
Case Number: 606582

Dear Sharon M. Johnston:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or

claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Eric Ingram at 202-566-0061 or at [ingram.eric@epa.gov](mailto:ingram.eric@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is fluid and cursive, with the first name "Elizabeth" and last name "Fertich" clearly distinguishable.

Elizabeth Fertich

**Net Weight \_\_\_\_\_**

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

<b>FIRST AID</b>	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-231-2966 for emergency medical treatment information.	
<b>If swallowed:</b>	<ul style="list-style-type: none"><li>· Call a poison control center or doctor immediately for treatment advice.</li><li>· Do not give any liquid to the person.</li><li>· Do not induce vomiting unless told to do so by a poison control center or doctor.</li><li>· Do not give anything by mouth to an unconscious person.</li></ul>
<b>If on skin or clothing:</b>	<ul style="list-style-type: none"><li>· Take off contaminated clothing.</li><li>· Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>· Call a poison control center or doctor for treatment advice.</li></ul>
<b>NOTE TO PHYSICIAN:</b> contains petroleum distillate – vomiting may cause aspiration pneumonia.	

**PHYSICAL OR CHEMICAL HAZARDS**

Extremely flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Exposure to temperatures above 130°F may cause bursting.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment washwater or rinsate. See Directions for Use for additional precautions and requirements.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

**[CONTAINS STABILENE]**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions**

{For Container labels that include premise uses}

- [Except when applying directly to animals], do not allow people or pets to enter the treated area until sprays have dried or vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated.
- Do not apply this product in a way that will contact any person or pet either directly or through drift. Keep people and pets out of the area during application.
- Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors and/or mists have dispersed.
- Remove pets or animals when spraying animal premises.
- Only spray in well ventilated area.
- Not for use in farm structures or buildings housing food producing animals or poultry or in milk rooms.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Remove pets, birds and cover fish aquarium before surface spraying.

{For Container labels that include on-animal uses only}

- Not for use on meat or dairy animals, poultry or horses or foals intended for slaughter.
- Do not allow product to contact animal's eyes, nose, mouth or sores during application.
- Do not use on foals under 12 weeks old.
- Do not use on dog, cats, puppies or kittens.

Hold container upright with nozzle pointed away from you and press actuator button, spraying as directed.

**TO TREAT HORSES:** To protect horses from attacks of stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes and gnats, spray about 3 seconds on each side being careful to spray legs, belly, neck, back and sides. Cover eyes while spraying face or spray on sponge or cloth and apply to face as a wipe. Brushing horse after applying will bring out a bright sheen.

**TO KILL AND REPEL FLYING INSECTS IN ANIMAL QUARTERS:** Spray in areas where insects congregate at a rate of 1 second per square foot. Direct spray to contact insects for rapid knockdown and kill. Spray around door facings and screens to render area unattractive to insects. This helps to repel insects and prevent entrance into building.

#### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Do not store near heat or open flame.

**Disposal:** Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.
