

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	EPA REGISTRATION NO. 21165-25	DATE OF ISSUANCE MAY 13 1986
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT PYRANHA Permakill Household Formulation	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Chem-1-Matic, Inc.
 P.O. Box 920706
 Houston, TX 77292

160, 163064
 181

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 21165-25."
 - b. Please provide a description of your quality control procedures for our records.
 - c. You must submit both an accelerated storage study and a 1-year study within 18 months from the date of this registration.
 - d. Please provide a viscosity measurement for the concentrate without propellant.
 - e. Please provide details of the pH adjustment--adjusters used, and amounts.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

5/13/86

- f. Please provide specification sheets for the commodity materials used in the product.
- g. Delete "Caution" from the Contents Under Pressure statement and add the subheading:

PHYSICAL OR CHEMICAL HAZARD.

- h. Delete the phrase "Safe for Pets."
- i. For consistency, pyrethrins percentage should be declared as 0.15%
- j. For surface spray, please submit efficacy data to support the 30-day claim, or delete if from the label. We do not have information supporting residual activity for this length of time.
- k. Under "Directions for Use" add "For spot application only. Do not use as a space spray."
- l. The term "Permakill" in the product name is unacceptable and must be deleted since it implies total eradication or elimination of pests. Our records will be adjusted to show "Pyranha ~~insecticide~~ Household Formulation" as the product name.
- m. Change "Spray on any area xxxx" to "Spot treat those pet areas where fleas and ticks may live and breed."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

Enclosures

Shake Well Before Using
As a surface spray works up to 30 days.

|-------------|-------------|
| COCKROACHES | ANTS |
| CRICKETS | HOUSE FLIES |
| TICKS | FLEAS |
| CHIGGERS | GNATS |
| MOSQUITOES | MOTHS |

DIRECTIONS

SHAKE WELL

It is a violation of law to use this product in a manner not shown on its labeling.

Hold container upright and spray from you and prevent spraying as directed.

FOR HOUSEHOLD USE

TO CONTROL COCKROACHES: To control cockroaches, spray into cracks and crevices directly on cockroaches. Apply behind refrigerator, cabinets where insects are hidden.

TO KILL AND REPEL MOSQUITOES: Spray in areas where mosquitoes aggregate. Direct spray on mosquitoes for rapid kill. Spray around outdoor screens to repel mosquitoes. This helps prevent entrance of mosquitoes.

FOR CONTROL OF

TO CONTROL TICKS AND CHIGGERS: Spray on areas where ticks and chiggers are found. Moisten lightly to help coverage part the hair. Repeat until animals are tough, sprayed, nits, or eggs that are removed.

TO CONTROL MOTHS: home, vacuum thoroughly. Spray on any areas where moths may live and be treated area until broken, usually vacuumed area.
