Mr. L. C. Cunningham  
Chem-I-Matic, Inc.  
P.O. Box 920706  
Houston, TX 77292

Dear Mr. Cunningham:

Subject: Amendment - Brand Name Change/Label Revision  
Pyranha Flea & Tick Repellent with Pyrethrin for Cats &  
Dogs  
EPA Registration No. 21165-28  
Your Application Dated November 12, 1990

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. Under the ingredient statement, a triple asterisk (\*) should be placed in front of the **Inert Ingredients** and **Contains petroleum distillates** statements, instead of a single asterisk (\*) by the technical piperonyl butoxide.
2. Delete the phrase **No Hydrocarbons or Fluorocarbon Propellants**. Claims which imply as to the safety due to the presence or absence of its ingredients is unacceptable. Likewise, the phrase "**Non-Gas Aerosol**" implies safety of the product due to presence or absence of certain ingredients and must be deleted.

Submit five copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca  
Product Manager 15  
Insecticide-Rodenticide Branch  
Registration Division (H7505C)

Enclosure

# Pyranha
