Ms. Mary Beth Endres
Agent for Pyranha, Inc.
Brazos Associates, Inc.
2001 Diamond Ridge Drive
Carrollton, Texas 75010-4509

Dear Ms. Endres:

Subject: Label Amendment/Update
Pyranha Spray Space 1-10 HPS Concentrate
EPA Registration Number 21165-30
Your Submission dated June 13, 2002

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(a), is acceptable provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

a. Under Dilution/Use Rate section provide the dilution rate in fluid ounces product per gallon in addition to the rate given in parts product per parts water and also provide the percentage in parenthesis.

b. Under indoor use add "Do not contaminate feed, food or water."

c. Under How to apply add the following instructions/precautions for use with Pyranha Spray Master Automatic Space Spray System following directions in the Installation, Operation and Service Guide. Do not install within 3 feet of air ducts. Foods must be removed or covered during treatment. Do not use where people will be continuously exposed. Apply at a rate of 1 ounce of diluted product per 1000 cubic feet of area.

d. Move the statement beginning "Do not treat where food crops xxx etc. and ending xxx where food is commercially prepared or processed." to the Directions for Use section. Also add "or served" to the end of the sentence "xx where food is commercially prepared, processed or served."

3. Submit two (2) copies of your final printed labeling before you release

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager 13

Quick Knockdown and Effective Control

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Do not treat areas where food crops are growing. Personnel should vacate containment areas (i.e. horse barns, dog kennels) to be treated while treatment is in progress. Treatment areas should be thoroughly ventilated for at least 1 hour prior to re-entry by personnel. Do not use in commercial food/feed handling establishments, restaurants, or other areas where food is commercially prepared or processed.

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish and other aquatic organisms. Drift or runoff may adversely affect fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL AND CHEMICAL HAZARDS

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DILUTION/USE RATE

Dilute before using. When used as a space spray and ultra low volume spray, dilute by adding 1 part of this product to 11 parts of clean water. Mix thoroughly prior to application. Repeat treatments after 1 hour as necessary to maintain control.

WHERE TO USE

Use as a space spray in horse barns*, dog kennels and zoo animal quarters.

Use as an outdoor area spray for temporary reduction of listed insects on and around homes, patios, tennis courts, pool areas, beach houses and lawn areas.

[BACK/SIDE LABEL PANEL]

***Do not apply this product to horses intended for slaughter or human consumption. Do not apply this product in horse barns (stables) where horses intended for slaughter or human consumption will be maintained.**

APPLICATION DIRECTIONS

To apply as a space spray, use mechanical (Non-Thermal) spray equipment such as Pyranha Automatic Space Spray System. Adjust nozzles to deliver a fine mist to the entire treatment area at a rate of 1 ounce diluted product per 1,000 cubic feet of area.

When used as an ultra low volume spray to outdoor area sites, apply the diluted product at a rate of 6 to 12 fl.oz. per 1,000 sq.ft. of area. This product may be applied with non-thermal application equipment including portable back pack sprayers, vehicle mounted non-thermal ULV equipment, LECO ULV Cold Aerosol Generator, Microgen, Curtis, London Aire or other application equipment designed for ULV aerosol generation. Direct the diluted spray into tall grass, shrubbery and around lawns where these pests may hover or rest. Apply when the air is still and avoid wetting foliage. Do not apply when wind speeds exceed 10 mph. Do not apply directly to open water. Do not apply within 100 feet of lakes and streams. Do not allow spray treatments to drift to ornamental ponds, pasture lands, cropland, poultry ranges, or water supplies. Repeat treatments after 1 hour as necessary to maintain control of nuisance pests.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep in a cool, dry area preferably locked and away from children and pets. Do not store below 32°F (0°C). In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
