Subject: **Amendment - Update First Aid Statements**
Pyranha Space Spray 1-10 HP Concentrate
EPA Registration No. 21165-32
Your submission dated September 27, 2001

Dear Mr. Jackson:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable, subject to the comments listed below. A stamped copy of the labeling is enclosed for your records.

1. In the **Precautionary Statements** section of your label, please move the statements "Do not treat... or processed." to the "Directions for Use" section of your label.
2. Either delete all references to "**Repeat treatments as necessary...**" or indicate a time period for retreatment based upon the **residual efficacy** of your product.

If you have any questions, please call Dr. William Sproat of my team at 703-308-8587.

Sincerely,

A handwritten signature in black ink, appearing to read "George F. LaRocca".

[BACK/SIDE LABEL PANEL]

Effectively Kills & Repels: House flies, Stable flies, Horse flies,

Fruit flies, Black Flies, Deer flies, Horn flies, Mosquitoes, Gnats, Biting and Non-biting Midges, Bott flies, Face flies and fleas.

Quick Knockdown and Effective Control.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Do not treat areas where food crops are growing. Personnel should vacate containment areas (i.e. horse barns, dog kennels) to be treated while treatment is in progress. Treated areas should be thoroughly ventilated prior to re-entry by personnel. Do not use in commercial food/feed handling establishments, restaurants, or other areas where food is commercially prepared or processed.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Drift or runoff may adversely affect fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep in a cool, dry area preferably locked and away from children and pets. Do not store below 32°F (0°C). In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Dilution/Use Rate: Dilute before using. When used as a space spray and ultra low volume spray, dilute by adding 1 part of this product to 21 parts of clean water. Mix thoroughly prior to application. Repeat treatments as necessary to maintain control.

[BACK/SIDE LABEL PANEL]

Where to Use: Use as a space spray in horse barns†, dog kennels, and zoo animal quarters.

Use as an outdoor area spray for temporary reduction of listed insects on and around homes, patios, tennis courts, pool areas, beach houses, and lawn areas.

†Do not apply this product to horses intended for slaughter or human consumption. Do not apply this product in horse barns (stables) where horses intended for slaughter or human consumption will be maintained.

Application Directions:

To apply as a space spray, use a mechanical (Non-Thermal) spray equipment such as Pyranha Automatic Space Spray System. Adjust spray nozzles to deliver a fine mist to the entire treatment area at a rate of 1 ounce diluted product per 1,000 cubic feet of area.

When used as an ultra low volume spray on outdoor area sites, apply the diluted product at a rate of 6 to 12 fl.oz. per 1,000 sq.ft. of area. This product may be applied with non-thermal application equipment including portable backpack sprayers, vehicle mounted non-thermal ULV equipment, LECO ULV Cold Aerosol Generator, Microgen, Curtis, London Aire or other application equipment designed for ULV aerosol generation. Repeat treatments as necessary to maintain control of nuisance pests. Direct the diluted spray into tall grass, shrubbery and around lawns where these pests may hover or rest. Apply when the air is still and avoid wetting foliage. Do not apply when wind speeds exceed 10 mph. Do not apply directly to open water. Do not apply within 100 feet of lakes and streams. Do not allow spray treatments to drift to ornamental ponds, pasture lands, cropland, poultry ranges, or water supplies. Repeat treatments as necessary to maintain control of nuisance pests.
