Subject: Registration Review Label Mitigation for Permethrin
Product Name: Pyranha Insecticides Aqueous Formulation
EPA Registration Number: 21165-34
Application Date: 2/9/2021
Decision Number: 570666

Dear Sharon M. Johnston:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin Interim Decision and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently

Decision No. 570666

approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Carolyn Smith by phone at (202) 566-2273, or via email at smith.carolyn@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Jaclyn Pyne". The signature is written in a cursive, flowing style.

Jaclyn Pyne, Team Leader

NOT YOUR STANDARD AEROSOL

- Product delivery is the same regardless of the position the can is held during spraying.
- Same product delivery from the initial spray to the last spray.
- Same product formulation also sold as a trigger spray.
- May be sprayed upright, inverted, or at any angle.
- No chilling effect compared to a standard aerosol.
- Also available in 1gallon, 32 oz, and 4 oz ready-to-use trigger (pump) spray bottles.
- Complete dispensing of product

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: For use on animals only. Not for use on humans. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222, twenty-four (24) hours per day, seven (7) days per week.	
If swallowed:	<ul style="list-style-type: none">· Call a poison control center or doctor immediately for treatment advice.· Have person sip a glass of water if able to swallow.· Do not induce vomiting unless told to do so by a poison control center or doctor.· Do not give anything by mouth to an unconscious person.
If in eyes:	<ul style="list-style-type: none">· Hold eye open and rinse slowly and gently with water for 15-20 minutes.· Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.· Call a poison control center or doctor for treatment advice.
If on skin or clothing:	<ul style="list-style-type: none">· Take off contaminated clothing.· Rinse skin immediately with plenty of water for 15-20 minutes.· Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees or other pollinators are foraging the treatment area.

{Alternate Physical & Chemical Hazards for Bag-On-Valve packaging Only.}

[PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions:

- Apply only as specified on this label.
- Application of product on pets (dogs) must only be done indoors.
- Do not apply to puppies less than 12 weeks of age.
- Do not allow adults or children to contact treated animal until hair has dried.
- Except when applying directly to animals, do not allow adults, children or pets to enter the treated area until sprays have dried.
- Except when applying directly to animals, do not apply this product in a way that will contact adults, children or pets either directly or through drift.
- When applying as a space spray, do not enter or allow others to enter until vapors, mists or aerosols have dispersed and the treated areas have been thoroughly ventilated.
- Do not use in dairy barns {added at registrant's option}
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Application is prohibited directly into sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow to enter indoor or outdoor drains. (No permita la entrada a desagües internos o externos.).

- Not for use in outdoor residential misting systems.

STOP: Read Entire Label Before Each Use. Do Not Use On Cats or animals other than dogs or horses. Do Not Use On Horses Intended For Human Consumption. Do Not Use On Dogs or Foals Under Three (3) Months Of Age.

FOR USE ON HORSES: This non-oily insecticide/repellent may be applied with a trigger spray applicator or as a wipe. Kills and repels horse flies, stable flies, horn flies, house flies, face flies, deer flies, mosquitoes, gnats and lice.

DIRECTIONS FOR WIPE-ON USE: Thoroughly brush horse to remove excess dirt and dust. Extremely dirty horses should be shampooed, rinsed and allowed to dry before applying wipe. Use a sponge or clean soft cloth or mitt. Apply liberally (1-2 ounces) over areas to be protected. Pay special attention to legs, belly, shoulders, neck and facial areas. Do not get in eyes and mucous membranes.

DIRECTIONS FOR TRIGGER SPRAY USE: Remove excess dirt and dust. Apply 1-2 ounces as a light spray mist to coat while brushing lightly against lay of the hair. Do not spray in eyes and mucous membranes. Apply with sponge or soft cloth around those areas.

FOR USE ON DOGS TO CONTROL [KILL] FLEAS: Apply as a spray starting at the tail then spray over entire hair coat while moving the dispenser rapidly. Apply the spray lightly over the entire body with even coverage until the tips of the hair are moist. Do not spray into the eyes, face or genitalia. Using gloves, rub the product into the coat by ruffling the hair so the product reaches the skin. Allow dog to air dry or blow dry. Do not towel dry. Do not reapply more than once every 14 days. **DO NOT USE ON CATS OR KITTENS.**

Consult a veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

TO KILL AND REPEL FLYING INSECTS IN ANIMAL QUARTERS: Spray in areas where insects congregate. Direct spray to contact insects for rapid knockdown and kill. Spray around door facings, screens to render area unattractive to insects. This helps to repel insects and prevent entrance to building.

TO KILL FLEAS AND BLACKLEGGED TICKS & LONE STAR TICKS IN ANIMAL QUARTERS: Spray to lightly dampen surfaces. Thoroughly spray infested areas, pet beds and resting quarters, cracks and crevices, window and door frames as well as localized areas of floor.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place.

Pesticide Disposal: Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.

Container Handling: If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{Alternate Storage and Disposal instructions for Bag-On-Valve packaging.}
