USE

• FOR USE ON HORSES. USE FULL STRENGTH. Wipe N' Spray Insecticide has been especially developed for use on horses. Apply by either soft cloth or fine mist spray.

DIRECTIONS FOR WIPE-ON USE:

First, brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies most often are seen. Only a light application is required. Avoid using an excessive amount on your horses. Do not wet the skin. After application, brush out thoroughly to bring out bright sheen on the coat. Repeat daily or as required.

DIRECTIONS FOR TRIGGER SPRAY USE:

Remove excess dirt and dust. Apply light spray mist to coat while brushing lightly against lay of the hair. Avoid spray in eyes and mucous membrane areas. Apply with sponge or soft cloth near those areas. Do not wet horse's skin or exceed two ounces per application.
