Subject: Notification per PRN 98-10 – Added new ABN (Country Road Wipe N’ Spray For Horses)
Product Name: Pyranha Wipe N' Spray For Horses
EPA Registration Number: 21165-45
Application Date: 06/28/2022
Decision Number: 585822

Dear Ms. Johnston:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The alternate brand name “Country Road Wipe N’ Spray For Horses” has been added to the product record.

If you have any questions, you may contact Robert Mitchell at 202-566-2842 or via email at mitchell.robert@epa.gov.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions:

- Except when applying directly to horses, do not allow adults, children or pets to enter until sprays have dried and treated area has been thoroughly ventilated.
- Except when applying to horses, do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Remove or cover exposed food and drinking water before application.
- Not for use on horses or foals intended for slaughter.
- Do not allow product to contact animal's eyes, nose, mouth or sores during application.
- Do not use on foals under 12 weeks old.
- Remove feed and water prior to treatment.
- May cause skin irritation on sensitive horses.
- If irritation occurs, hose the horse with water to remove the product. If irritation persists, contact a veterinarian.

WIPE N' SPRAY has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1 to 2 ounces per head per day gives adequate protection. Apply by either soft cloth or fine spray mist. Only a light application is needed. Avoid using an excessive amount. Do not wet skin.

USE TO WIPE ON:

First, brush animal to remove dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against hair growth. Give special attention to legs, shoulders, shanks, neck and facial areas where flies are most often seen.

After application, brush out thoroughly to bring out bright sheen on the coat.

Repeat daily as needed.

USE AS A SPRAY:

WIPE N' SPRAY may be applied as a fine mist to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horse's skin or exceed two ounces per application.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place. Do not store near heat or open flame.

Pesticide Disposal and Container Handling: If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{Alternate Storage and Disposal instructions for Bag-On-Valve packaging.}
