PYRANHA, INC.

Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Label notification adding optional graphics and updating the emergency phone numbers.  
Product Name: PYRANHA WIPE N' SPRAY FOR HORSES  
Admin Number: 21165-45  
EPA Receipt Date: 03/07/2025  
Action Case Number: 00646370

Dear Sharon Johnston:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Eric Ingram via email at [ingram.eric@epa.gov](mailto:ingram.eric@epa.gov).

Sincerely,

Elizabeth Fertich, Product Manager 4  
IVB1, RD  
Office of Pesticide Programs

## NOTIFICATION

21165-45

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

| Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact <b>CHEMTREC: 1-800-424-9300 or 1-703-527-3887 [1-800-222-1222] 1-800-231-2966</b> for emergency medical treatment information. |   |
| <b>If on skin or clothing:</b>   | <ul style="list-style-type: none"><li>· Take off contaminated clothing.</li><li>· Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>· Call a poison control center or doctor for treatment advice.</li></ul>   |
| <b>If in eyes:</b>   | <ul style="list-style-type: none"><li>· Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li><li>· Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li><li>· Call a poison control center or doctor for treatment advice.</li></ul>           |
| <b>If swallowed:</b>   | <ul style="list-style-type: none"><li>· Immediately call a poison control center or doctor.</li><li>· Do not give any liquid to the person.</li><li>· Do not induce vomiting unless told to by a poison control center or doctor.</li><li>· Do not give anything by mouth to an unconscious person.</li></ul> |
| <b>If inhaled:</b>   | <ul style="list-style-type: none"><li>· Move person to fresh air.</li><li>· If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.</li><li>· Call a poison control center or doctor for further treatment advice.</li></ul>        |
| <b>NOTE TO PHYSICIAN:</b> contains petroleum distillate – vomiting may cause aspiration pneumonia.   |   |

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

### PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

{Alternate Physical & Chemical Hazards for Bag-On-Valve packaging.}

### [PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.]

## **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### **Use Restrictions:**

- Except when applying directly to horses, do not allow adults, children or pets to enter until sprays have dried and treated area has been thoroughly ventilated.
- Except when applying to horses, do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Remove or cover exposed food and drinking water before application.
- Not for use on horses or foals intended for slaughter.
- Do not allow product to contact animal's eyes, nose, mouth or sores during application.
- Do not use on foals under 12 weeks old.
- Remove feed and water prior to treatment.
- May cause skin irritation on sensitive horses.
- If irritation occurs, hose the horse with water to remove the product. If irritation persists, contact a veterinarian.

WIPE N' SPRAY has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1 to 2 ounces per head per day gives adequate protection. Apply by either soft cloth or fine spray mist. Only a light application is needed. Avoid using an excessive amount. Do not wet skin.

### **USE TO WIPE ON:**

First, brush animal to remove dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against hair growth. Give special attention to legs, shoulders, shanks, neck and facial areas where flies are most often seen.

After application, brush out thoroughly to bring out bright sheen on the coat.

Repeat daily as needed.

### **USE AS A SPRAY:**

WIPE N' SPRAY may be applied as a fine mist to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horse's skin or exceed two ounces per application.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool, dry place. Do not store near heat or open flame.

**Pesticide Disposal and Container Handling:** If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{Alternate Storage and Disposal instructions for Bag-On-Valve packaging.}

### STORAGE AND DISPOSAL
