This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 21165-52."
 - b. Delete the footnote to the inert ingredients indicating: "contains petroleum distillates," since this product is a water-based formulation.
 - c. Delete "... with pyrethrin" from the product name. Since this product contains other active ingredients. Statements relating to the composition of the product must be consistent with the ingredient statement.

- d. Revise the paragraph under the headings Precautionary Statements as follows:

Humans:

Harmful if swallowed or absorbed through skin. Avoid breathing vapor or spray mist. Avoid contact with skin and eyes.

Animals:

Harmful if swallowed or absorbed through skin. Avoid contact with face, eyes, and genitalia. Do not use on puppies or kittens less than six weeks old. Do not use on old, sick, or debilitated animals. Highly sensitive animals may occasionally experience some discomfort from any pesticide. If signs of any adverse reaction occur, discontinue use. If symptoms persist, see your veterinarian.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

The Confidential Statement of Formula (CSF) states a pH of 6.5 and the data matrix states it as 7.0. Please provide the correct information. A similar situation also applies to the data for density. The CSF states a density of 8.243 pounds/gal. and the data matrix states it as 0.814. Please make the necessary corrections.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
