Subject: Amended Reregistration Label  
Product Name: RITTER'S FLEA & TICK SPRAY  
EPA Registration Number: 21165-63  
Decision Number: 414043; 411977; 410180

Dear Ms. Johnston:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Pyrethrins, Piperonyl butoxide (PBO), and MGK264 RED, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statement of Formulation (CSF) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 02/09/2011

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the

Decision No. 414043; 411977; 410180

registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Maggie Rudick by phone at 703-347-0257, or via email at [rudick.maggie@epa.gov](mailto:rudick.maggie@epa.gov).

Sincerely,

A handwritten signature in blue ink, appearing to read "Gene Benbow".

**READ ENTIRE LABEL BEFORE EACH USE**

<b>FIRST AID</b>	
<b>If on skin or clothing:</b>	<ul style="list-style-type: none"><li>· Take off contaminated clothing.</li><li>· Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>· Call a poison control center or doctor for treatment advice.</li></ul>
<b>If in eyes:</b>	<ul style="list-style-type: none"><li>· Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li><li>· Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li><li>· Call a poison control center or doctor for treatment advice.</li></ul>
<b>If swallowed:</b>	<ul style="list-style-type: none"><li>· Call a poison control center or doctor immediately for treatment advice.</li><li>· Have person sip a glass of water if able to swallow.</li><li>· Do not induce vomiting unless told to do by a poison control center or doctor.</li><li>· Do not give anything by mouth to an unconscious person.</li></ul>
<b>If inhaled:</b>	<ul style="list-style-type: none"><li>· Move person to fresh air.</li><li>· If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.</li><li>· Call a poison control center or doctor for further treatment advice.</li></ul>
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on the pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-424-9300 or the National Pesticide Information Center at 1-800-858-7378.	

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. See Directions for Use for additional precautions and use restrictions.

**PHYSICAL OR CHEMICAL HAZARDS**

Flammable. Keep away from heat or open flame. Do not apply this product around electrical equipment due to the possibility of shock hazard.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL BEFORE EACH USE. USE ONLY IN A WELL VENTILATED AREA. USE ON DOGS, PUPPIES, CATS AND KITTENS (OVER 12 WEEKS OLD) AND HORSES.**

**Read and follow all directions and precautions on this product label.**

### Use Restrictions

- Apply this product only as specified on this label.
- Except when applying directly to horses or pets, **DO NOT** apply this product in a way that will contact adults, children or pets either directly or through drift.
- Except when applying directly to horses or pets, **DO NOT** allow adults, children or pets to enter treated area until sprays have dried.
- Remove pets, birds and cover fish aquariums before spraying.
- **DO NOT** contaminate water, food or feed by use of this product.
- **DO NOT** apply to pets less than 12 weeks old.
- **DO NOT** apply over cuts, wounds or irritated skin.
- **DO NOT** apply near eyes and mouth. Apply sparingly around ears.
- **DO NOT** use on horses or foals intended for slaughter.
- Consult a veterinarian before applying this product on debilitated, aged, pregnant or nursing animals. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated animals.
- Sensitivities may occur after using ANY pesticide for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**Dogs and Cats:** Cover animal's eyes with hand and use a firm fast stroke to get proper spray mist. Apply 1-2 oz. per animal. Spray head, ears and chest until damp. With finger tips, rub into face and around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing with legs last and paying special attention to the footpads (between toes) and underbody areas. Avoid spraying of genital areas. For best penetration of spray to the skin, direct spray against the lay of the hair. On long haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Follow application with a complete brushing of the animal's hair to remove dead insects. Wash hands thoroughly after use. Reapply treatment as necessary, but do not treat more than once per week.

**Puppies and Kittens:** Do not use on nursing puppies or kittens or those under 12 weeks old. Treat the same as for dogs and cats. Spray only along back or on your finger tips and rub in with your hands. Follow application with a complete brushing of the animal's hair to remove dead insects. Wash hands thoroughly after use.

**Pet's Indoor Sleeping Quarters:** For use in companion animal quarters only. Do not broadcast outdoors. Remove animals from quarters before treating premises. Spray around baseboards, windows, door frames, wall cracks and local areas of floors. If mosquitoes, gnats or lice are present, spray lightly into the air. Reapply treatment as necessary but do not treat more than once per week. The bedding should be sprayed and then replaced with fresh bedding for best results. Allow all surfaces treated to dry before allowing pets to reoccupy.

**Horses:** To control stable flies, horse flies, deer flies and other face flies, apply 1-2 oz. to face, legs, flanks, top line and other body areas commonly attacked by these flies. Reapply treatment as necessary, but do not treat more than once per week.

### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Store in original container in a cool, dry place inaccessible to children and pets. If a leaky container must be contained within another, mark the outer container to identify the contents. Do not store near heat or open flame. Store pesticides away from food, pet food, seed, fertilizers and veterinary supplies.

**Pesticide Disposal and Container Handling:** Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
