US ENVIRONMENTAL PROTECTION AGENCY  
OFFICE OF PESTICIDES PROGRAMS  
REGISTRATION DIVISION (75-767)  
WASHINGTON, DC 20460

EPA REGISTRATION NO.

21268-12

DATE OF ISSUANCE

09 AUG 1993

TERM OF ISSUANCE

NOTICE OF PESTICIDE: ☒ REGISTRATION  
☐ REREGISTRATION

(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Jumbo Slo-Pokes

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

North American Marketing Corp. (NAMCO)  
100 Sanrico Drive  
Manchester, CT 06040

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 21268-12."

b. Add the company name and address to the label.

c. Add a statement that the re-entry into treated swimming pools is prohibited above levels of 3 (or 2) ppm chlorine residual. (This is in accordance with the May 7, 1993 Reregistration Eligibility Document for chlorinated isocyanurates).

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Submit a letter for our records, on the applicant's company letterhead or notarized, authorizing you to act as their agent in registration matters for this (or every) product.

A stamped copy of the label is enclosed for your records.

Sincerely,

Ruth G. Douglas  
Product Manager (32)  
Antimicrobial Program Branch  
Registration Division (H-7504C)

# JUMBO SLO-POKES

## STABILIZED CONCENTRATED CHLORINATING TABLETS

### ACTIVE INGREDIENT:

Trichloro-s-triazinetrione ..... 98.4%

### INERT INGREDIENT:

1.6%

Provides 90% available chlorine ..... 100.0%

NET WEIGHT: 34 lbs. (15.43 kg)

KEEP OUT OF REACH OF CHILDREN  
**DANGER**

See back panel for additional precautions  
and statement of practical treatment

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**FOR USE IN SKIMMERS, FLOW-THROUGH & FLOATING FEEDERS. DO NOT ADD DIRECTLY TO POOL.** One tablet (approximately 7 oz.) will provide approximately 5.0 ppm of available chlorine in 10,000 gallons of water.

#### START-UP:

1. Adjust pH of pool water to the 7.2 to 7.8 range with pH Increase or pH Decrease as required following label directions.
2. To a clean pool which is free of visible algae, add a fast acting chlorinating product to superchlorinate the pool, following label directions. Do not enter the pool until the chlorine residual has dropped below 2.0 ppm (parts per million).
3. Test water for chlorine residual using a reliable test kit.
4. If chlorine residual is below 1.0 to 1.5 ppm (parts per million), repeat treatment until proper level is reached.
5. If your pool has not been stabilized previously, add Blue Shield Conditioner and Stabilizer (cyanuric acid) according to label directions.

#### REGULAR CARE:

1. After start-up, add one Jumbo Slo-Poke for every 10,000 gallons of pool water. Place tablets in skimmer or dispenser until dissolved.
2. Add one Jumbo Slo-Poke for each 10,000 gallons of water each week or as needed to maintain a chlorine residual of 1.0 to 1.5 ppm as determined by a reliable test kit.
3. Check pool water daily with a reliable test kit and maintain a chlorine residual of 1.0 to 1.5 ppm.
4. During extremely hot weather and/or heavy bather loads, additional treatment may be required.

**NEVER PUT TABLETS DIRECTLY INTO POOL WATER. ADD TABLETS TO SKIMMER DISSOLVING BASKET OR SUITABLE FEEDER. NEVER MIX POOL CHEMICALS TOGETHER! ALWAYS ADD THEM SEPARATELY!**

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER:** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

#### STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

**IF ON SKIN:** Brush off excess chemical and flush skin with plenty of water for at least 15 minutes. If irritation persists, get medical attention.

**IF IN EYES:** Immediately flush with plenty of cold water for at least 15 minutes. Get immediate medical attention.

**IF INHALED:** Remove person to fresh air. Get immediate medical attention.

**IF SWALLOWED:** Promptly drink large quantities of water. DO NOT induce vomiting. Call physician immediately.

#### PHYSICAL AND CHEMICAL HAZARDS

**STRONG OXIDIZING AGENT.** Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion, in case of contamination or decomposition. Do not reuse container if possible, isolate container in open air or well ventilated area. Flood with large volumes of water if necessary to dissolve all material before discarding container.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, or bays or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

#### STORAGE AND DISPOSAL

Keep product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water if necessary to dissolve all material before discarding container in trash. Do not contain, use, store, or dispose of cleaning or equipment. Pesticide wastes are acutely hazardous. Improper disposal of empty pesticide, spray mixture or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the hazardous waste representative at the nearest EPA Regional Office for guidance.
