Subject: Blue Shield Slo-Tabs®
EPA Reg.#: 21268-13
Notification Date: January 21, 2013
Receipt Date: January 25, 2013

Dear Mr. Mandava:

This acknowledges the receipt of your notification, submitted under the provision of PR Notice 98-10 and FIFRA section 3(c)9.

Proposed Notification:

Change the Storage and Disposal statement per PR Notice 2007-4 for Blue Shield Slo-Tabs® (EPA Reg# 21268-13).

General Comment:

Based on the review of the material submitted, this notification is acceptable.

This notification and a copy of this letter have been inserted in your file for future reference."

If you have any questions on this letter, please contact David Liem by email at liem.david@epa.gov or call at 703-305-1284.

Sincerely,

A handwritten signature in black ink, appearing to read "Monisha Harris", written over a horizontal line.

DIRECTIONS FOR USE

It is a violation for Federal law to use this product in a manner inconsistent with its labeling.

Blue Shield® Slo-Tabs® are to be used as a disinfectant and for algae control in pool water. They are long-lasting and are intended to slowly meter chlorine into pool water. In order to obtain its maximum effect, use as follows:

1. Superchlorinate the pool water using a fast acting chlorinating product, following label directions. Do not use pool until the chlorine residual drops to 3.0 ppm (parts per million).
2. Adjust the cyanuric acid level in the pool water to 35 ppm (parts per million) with Blue Shield's Conditioner and Stabilizer, following directions on the label.
3. Suggested daily dosage is two Blue Shield® Slo-Tabs® per 9,800 gallons of pool water. Add to floating dispenser, top water skimmer, or automatic chlorinator. This dosage may vary in accordance with temperature, bather load and amount of water flow. Using a reliable test kit as a guide, maintain a 1.0 to 1.5 ppm free chlorine residual. During extreme heat or with heavy bather load, water should be checked every 2 hours. Maintain a pH level of 7.2 to 7.6 for best results. One tablet weighs approximately ½ oz. (14 grams). Tablets should not be thrown directly into pool. Not recommended for wader or splasher pools.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation or hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container, in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding container.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal or cleaning of equipment.

Pesticide Storage:

Keep this product dry in a tightly closed container when not in use. Store in a cool dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all materials before discarding this container.

Container Disposal:

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling, if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain."
