WASHINGTON, DC 20460

EPA REGISTRATION NO.

21268-14

DATE OF ISSUANCE

09 AUG 1993

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

Slo-Stix

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

North American Marketing Corp. (NAMCO)
100 Sanrico Drive
Manchester, CT 06040

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 21268-14."
- b. Add start-up instructions for newly filled pools.
- c. Add a statement that the re-entry into treated swimming pools is prohibited above levels of 3 (or 2) ppm chlorine residual. (This is in accordance with the May 7, 1993 Reregistration Eligibility Document for chlorinated isocyanurates).

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Submit a letter for our records, on the applicant's company letterhead or notarized, authorizing you to act as their agent in registration matters for this (or every) product.

A stamped copy of the label is enclosed for your records.

Sincerely,

Ruth G. Douglas
Product Manager (32)

SLO-STIX

ACTIVE INGREDIENT: STABILIZED CONCENTRATED CHLORINATING STICKS

Trichloro-s-triazinetriene 98.4%

DIETARY INGREDIENT: 1.6%

* Provides 90% available chlorine 100.0%

NET WEIGHT: 23 lbs. (10.44 kg)

KEEP OUT OF REACH OF CHILDREN
DANGER
See back panel for additional precautions
and statement of practical treatment.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Using a reliable test kit, adjust the pH of the pool water. If necessary, to the pH range of 7.2 to 7.6. If the pH is below 7.2, add pH Increase. If the pH is above 7.6, add pH Decrease. Blue Shield Slo-Stix are intended for use in a tablet dispenser, automatic in-line chlorinator, or other similar dispensers or in-line feeders. Adjust the chlorine dispensing rate of the dispenser or feeder to provide a chlorine residual of 1.0 to 1.5 ppm (parts per million). A suggested dosage is one stick (8 oz.) per 11,500 gallons of water per week. This dosage may vary due to unusual conditions such as heavy bather load, wind, heavy rains or high temperatures. If those conditions exist, frequent use of a test kit is recommended. Do not add these sticks directly to pool or mix with any other chemicals.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Keep Out Of Reach Of Children. Corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse. Use only thoroughly clean, dry utensils.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)
IF ON SKIN: Brush off excess chemical and flush skin with plenty of water for at least 15 minutes. If irritation persists, get medical attention.
IF IN EYES: Immediately flush with plenty of cold water for at least 15 minutes. Get immediate medical attention.
IF INHALED: Remove person to fresh air. Get immediate medical attention.
IF SWALLOWED: Promptly drink large quantities of water. DO NOT induce vomiting. Call physician immediately.

PHYSICAL AND CHEMICAL HAZARDS
STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire and explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reuse container. Isolate container (if possible) in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding container.

INTRA-DIRECT ANALYSIS
AGRI. DIV.
JUN 1993

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public water unless this product is specifically identified and addressed in an NPDES C.A.T. list. Do not discharge effluent containing this product to sewer systems without previously notifying the sewer treatment plant authority. For guidance, contact your State Water Board or Regional Office of the U.S.P.A.

STORAGE AND DISPOSAL
Keep this product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat and open flame. In case of decomposition, do not reuse container. Isolate container (if possible) in open air or well ventilated area. Flood with large volumes of water to dissolve all materials before discarding container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinse is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
