BLUE SHIELD SLO-STIX

50067

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Using a reliable test kit, adjust the pH of the pool water, if necessary, to the pH range of 7.2 to 7.6. If the pH is below 7.2 add pH increase. If the pH is above 7.6 add pH decrease.

1. If the pool has not previously stabilized, add Conditioner and Stabilizer (cyanuric acid). Follow the directions for use on the label for that product.
2. Superchlorinate the pool water using a fast acting chlorinating product. Follow label directions. Do not use pool until the chlorine residual drops to 2.0 ppm (parts per million).
3. Blue Shield Slo-Stix are intended for use in a tablet dispenser, automatic in-line chlorinator, or other similar dispensers or in-line feeders. Adjust the chlorine dispensing rate or the dispenser or feeder to provide a chlorine residual of 1.0 to 1.5 ppm (parts per million). A suggested dosage is one stick (8 oz.) per 11,500 gallons of water per week. This dosage may vary due to unusual conditions such as heavy bather load, wind, heavy rains, or high temperatures. If those conditions exist frequent use of a test kit is recommended. Do not add these sticks directly to pool or mix with any other chemicals.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Keep Out of Reach of Children. Corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse. Use only thoroughly clean, dry utensils.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

IF ON SKIN: Brush off excess chemical and flush skin with plenty of water for at least 15 minutes. If irritation persists, get medical attention. **IF IN EYES:** Immediately flush with plenty of cold water for at least 15 minutes. Get immediate medical attention. **IF INHALED:** Remove person to fresh air. Get immediate medical attention. **IF SWALLOWED:** Promptly drink large quantities of water. DO NOT induce vomiting. Call physician immediately.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire and explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. Isolate container (if possible) in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding container.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product in lakes, streams, ponds, estuaries, oceans or public water unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the E.P.A.

STORAGE AND DISPOSAL

Keep this product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat and open flame. In case of decomposition, do not reseal container. Isolate container (if possible) in open air or well ventilated area. Flood with large volumes of water to dissolve all materials before discarding container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
