ACCEPTED
 NOV 1 1975
 Under the Federal Insecticide,
 Fungicide, and Rodenticide Act,
 as amended by the FIFRA
 amendments of 1972,
 EPA Reg. No. 27093

Sharpide L-75 algicide is efficient, economical and stable in use duration.

Sharpide L-75 is compatible with all chemicals used in pool water and will not damage tile, concrete, metal, or plastics.

Sharpide L-75 keeps pool water free and sparkling, clear of visible algae, slime and green-brown colors.

Sharpide L-75 improves filter operation and cuts down need for other chemicals.

Sharpide L-75 imparts tone and a pleasant "feel" to swimming pool water.

Do not reuse container. Destroy when empty.

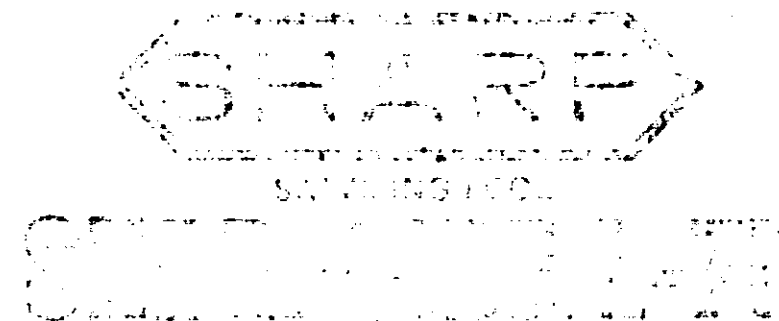

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water.

Apply this product only as specified on this label.

DANGER

KEEP OUT OF REACH OF CHILDREN.

Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

DIRECTIONS

Initial Application: To a clean pool, add one quart to 50,000 gallons of water or more thereof.

Maintenance Dose: One quart per 50,000 gallons of water every 7 to 10 days. When water is hot or boiling, add one quart per 50,000 gallons every 5 to 7 days of use.

Reapply: Do not reapply until after every rain add one quart per 50,000 gallons of water as above.

In ponds: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.

Residuals: After treatment with this product, use one quart to four gallons of water for sanitizing or to meet to two gallons of water for sanitizing. Apply one quart to wet surfaces thoroughly with the recommended use solution.

PRECAUTIONS:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIANS: Probable mucosal damage may contraindicate the use of certain lavage. Measures to insure respiratory shock, as well as oxygen and emetics to support breathing manually or mechanically may be needed.
