Dear Mr. Keane:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 and 2008-1 dated for May 21, 2010, 2010 for:

EPA Registration Number: 22950-14 Cobra PF Mosquito Repellent Coils

The Registration Division (RD) has conducted a review of this request for applicability Under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use outdoors in semi-confined areas such as porches, patios and similar areas where there is little or no breeze. The coils' effectiveness and duration are affected by airflow. Separate coils by gently pulling them apart. Insert coil onto stand. Light the outer end of the coil and let it flame approximately 1/8 inch. Blow out the flame and allow coil to smolder until extinguished. For shorter periods of use, break coil into desired length. Place on non-combustible surface and keep lighted coils away from flammable materials, surfaces or objects. For best results evenly space coils approximately 8-10 feet apart around perimeter of area to be protected. Cover exposed food to avoid contamination. Save stands for future use.
