Petroleum Distillate	9.25%
Inert Ingredients	16.00%
	<u>100.00% by wt.</u>

* Equivalent to 10.00% butylcarbityl (6-propylpiperonyl) ether and 2.50% related compounds.

DIRECTIONS FOR USE

InsectAway Stable and Kennel Spray is a top quality, multi-use insecticide repellent formulation which may be diluted with water and applied to horses and dogs to protect them from attacks of biting flies, nuisance flies, gnats, mosquitoes, lice and fleas. A space spray giving quick knockdown and kill of flies, mosquitoes, and gnats in stables and kennels may be prepared by diluting with water or oil.

- SHAKE BEFORE USE -

Use as a water spray: 1 to 15 dilution; this dilution will kill horseflies, stable flies, deer flies, mosquitos, and gnats contacted by the spray at the time of application to the animal. Mix one part of Concentrate with fifteen parts of water. Stir before using. Apply at the rate of one pint to one quart per animal depending upon size of animal. Apply daily or as needed.

1 to 23 dilution: This dilution will kill mosquitoes and gnats

on the animal at the time of application. Mix 1 quart of Concentrate with 23 quarts of water to make 6 gallons of spray. Stir before using. Apply at the rate of 1 pint to 1 quart per animal depending on the size of the animal. Apply at 4 to 7 day intervals as necessary.

1 to 79 dilution: This dilution will kill lice and fleas on the animal at the time of spraying. Mix 1 pint of Concentrate with sufficient water to make 10 gallons of spray. Stir before using. Apply enough dilute spray to thoroughly wet the skin of the animal. Apply twice with a 10 day interval between applications. Repeat when necessary.

Use as a space spray: 1 to 39 dilution: Mix 1 pint of Concentrate with 5 gallons of water or oil. Apply as a mist spray in stables and kennels to knockdown and kill stable flies, mosquitoes, and gnats. Close all windows and doors before spraying and keep them closed for 10 to 15 minutes after spraying. Water sprays should be applied in greater volume than oil sprays.

CAUTION:

KEEP OUT OF REACH OF CHILDREN!

- Do Not Use On Horses Intended For Slaughter.
- Do Not Contaminate Feed and Foodstuffs.
- Do Not Spray Open Flames When Using Oil As Diluent.
- Do Not Reuse Empty Container. Destroy It By Perforating Or Crushing.
- Bury Or Discard In A Safe Place Away From Water Supplies.
