## ALGAECIDE 10%

ACTIVE INGREDIENT  
Alkyl (50% C<sub>14</sub>, 40% C<sub>16</sub>)dimethyl  
benzyl ammonium chloride 10%  
INERT INGREDIENTS 90%  
100%

**DANGER**

**KEEP OUT OF REACH OF CHILDREN**

CAUSES EYE DAMAGE AND SKIN IRRITATION, DO NOT GET IN EYES OR ON SKIN, IN CASE OF EYE CONTACT, FLUSH COPIOUSLY WITH WATER AND SEEK MEDICAL ATTENTION IMMEDIATELY, IN CASE OF SKIN CONTACT, FLUSH COPIOUSLY WITH PLENTY OF WATER IMMEDIATELY, HARMFUL IF SWALLOWED, CORROSIVE, DO NOT GET ON CLOTHING, REMOVE AND WASH CONTAMINATED CLOTHING BEFORE REUSE, WEAR GOGGLES OR FACE SHIELD AND RUBBER GLOVES WHEN HANDLING.

### DIRECTIONS

Initial Application: To a cleaned pool add one gallon to 50,000 gallons of water, or ratio thereof.

Maintenance Dose: Use one quart per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy use this dosage every 5 days, or as necessary.

Booster Dose: Immediately after every rain add one quart per 50,000 gallons of water as above. (IMPORTANT: FOLLOW DIRECTIONS WITHOUT FAIL, EVEN WHEN POOL IS NOT USED. ALGAE GROWTH MUST BE FOUGHT AT ALL TIMES.)

### \*FIRST AID\*

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Call physician immediately.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

When Lispar Algaecide is used as directed, it will kill and prevent development of *Closterium pyrenoides* (green), *Phormidium laminatum* (black algae), *Phormidium* (Square D algae), *Lyngba versicolor* (blue-green) and other swimming pool

Lispar Algaecide is compatible with most commonly used swimming pool chemicals, but should not be mixed with soap or other cleaners, or premixed with other water-treating chemicals. Lispar Algaecide works best when added by itself directly to pool water. Lispar Algaecide at use dilution is non-corrosive to inanimate surfaces.

#### FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites gelatin solution, or if these are not available, drink large quantities of water. Call a physician.

Rinse empty container thoroughly with water and discard.

#### NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

#### FISH and/or WILDLIFE PRECAUTIONS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public waters. Apply this product only as specified on this label.
