

Backrubber may be used anytime on Beef or Dairy Cattle.

To aid in reducing face flies and horn flies, and lice.

Dilute one gallon of concentrate with six gallons of Kerosene or No. 1 diesel oil.

Do not contaminate feed or feedstuffs.

CAUTION

Harmful if swallowed. Do not get in eyes, on skin or on clothing. May be absorbed through the skin. Wash thoroughly after use with soap and water. Contact with skin can cause toxic symptoms. Do not contaminate food or feedstuffs. Avoid breathing vapors.

FOR PHYSICIAN

Note to physician: Ronnel is a cholinesterase inhibitor. Atropine is an antidote. Treat symptomatically.

CAUTION

Keep out of lakes, streams, or ponds. Apply this product only as specified on this label.

Highly toxic to fish. Do not contaminate any body of water by direct application, cleaning of equipment or disposal of waters or containers.

DIRECTIONS

It is necessary to dilute this product before placing it in the insecticide applicator, cattle oiler reservoir, saturating cloth, burlap, cotton, felt or oiler parts. The oiler should be located where cattle loaf or congregate so that they may have access to it at all times, and placed in such a manner that beef and dairy cattle can rub their faces.

NON-WARRANTY

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR FLAME.

Do not reuse empty containers. Wash thoroughly with water and detergent. Discard in a safe place.
