

Hazards to Humans and Domestic Animals

Caution: Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin and eyes. Wash hands with soap and water after using or handling. Do not use on cats or puppies within four weeks of age. Keep out of reach of children.

Notice to Physician: Carbaryl is a moderate reversible cholinesterase inhibitor. Atropine Sulfate is antidotal.

Statement of Practical Treatment

If Swallowed: Induce vomiting with finger to back of throat. Call Physician.

If on Skin: Wash with soap and water.

If in Eyes: Flush with plenty of water. If irritation persists see Physician.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Mix the contents of this packet with one gallon of water. Mix thoroughly to insure uniform suspension. Apply as a dip or sponge onto the animal's coat. Thoroughly wet animal's coat.

For Sponge treatment: one packet and one gallon of water will treat most animals.

For Dipping: Small Dogs - 2 packets and 2 gallons of water
Medium Dogs - 5 packets and 5 gallons of water.
Large Dogs - 20 packets and 20 gallons of water

Repeat treatment as required but not more than once weekly.

Note: A light color residue may sometimes be seen on dark colored animals. Should this be objectionable, it may be removed by brushing the animal lightly after the coat is dry.

Disposal

Do not reuse empty packet. Place in trash collection.

EPA Reg. No. 28293-8 EPA Est. No. 28293-TX 1
