- ☐ USE ONLY ON DOGS OR CATS.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid contamination of feed and foodstuffs. Do not use on puppies or kittens under twelve (12) weeks of age. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals or animals on medication. Sensitivities may occur after using **ANY** pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

Environmental Hazards

This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

Statement of Practical Treatment/ First Aid

IF SWALLOWED: Call physician at once. Do not induce vomiting unless directed by physician. Vomiting may cause aspiration pneumonia.

IF ON SKIN: Wash with soap and water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

DIAGNOSIS: Ear mites usually induce the formation of a dry, dark brown, waxy exudate with crusts in the ears of dogs, and cats. Ear mites may be detected by placing some of the ear exudate on a dark surface and carefully watching for the movement of tiny white specks away from the exudate. Inflamed, watery, or blocked ear canals indicate a more serious condition which requires the services of a veterinarian.

To control spinose ear ticks and ear mites in the ears of dogs and cats, dilute this solution with water at the rate of 1 ounce to 18 ounces of water. Syringe the ear with a few drops of this solution so that it penetrates the wax down to the surrounding tissue. Repeat treatment once or twice at 2 or 3 day intervals as necessary.

STORAGE AND DISPOSAL

Storage: Store in original container, in a cool, dry, locked storage area.

Disposal: Do not reuse container. Rinse thoroughly before discarding in trash. Securely wrap original container in several layers of newspaper and discard in trash.
