HOUSE AND CARPET SPRAY

Provides Flushing Action and Fast Knockdown

Controls cockroaches, ants, silverfish, spiders, crickets, earwigs and brown dog ticks and fleas.

Use in and around homes, apartments, garages, similar residential structures, institutions, restaurants and food processing plants.

Use outdoors as an aid in reducing annoyance from flies and mosquitoes entering the home.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED

ACTIVE INGREDIENTS:

Pyrethrins	0.052%
Piperonyl butoxide, technical*	0.260%
Chlorpyrifos (0,0-diethyl 0-(3,5,6-trichloro-2-pyridyl) phosphorothioate)	0.500%
Petroleum distillate	98.736%

INERT INGREDIENTS: 0.452%

*Equivalent to 0.208% (butylcarbityl)(6-propylpiperonyl) ether and 0.052% related compounds.

ACCEPTED FOR REGISTRATION
EPA REG. NO. 28293-87

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Side Panel For Additional Precautions

REG. NO. 28293-87
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended for the pesticide registered under EPA Reg. No. 28293-87

Net Weight: 1 Pint

Manufactured By
UNICORN LABORATORIES
P.O. Box 90014
Houston, TX 77090

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs, and domestic water supplies. Wash thoroughly after using. Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray air in rooms or use on plants. Apply as a surface treatment only as specified on this label. Thoroughly wash dishes and food handling utensils if contaminated with this product.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour spill or store near heat or open flame.

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED:** Call a physician immediately. If gastric lavage is deemed necessary, undertake if material was taken internally. Do not induce vomiting unless no other treatment is available. Vomiting may cause aspiration pneumonia. If necessary to induce vomiting, give 1 or 2 glasses water and insert finger in back of throat. Repeat until vomit fluid is clear. Contains a cholinesterase inhibitor. Atropine Sulfate is antidotal.
- IF INHALED:** Remove victim to fresh air and apply respiration if indicated.
- IF ON SKIN:** Wash promptly with soap and water. Rinse thoroughly.
- IF IN EYES:** Flush with plenty of water. If irritation persists, get medical attention.

STORAGE AND DISPOSAL

Do not reuse this container. Wrap and place in trash collection.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling.

For use in garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. Repeat treatment as required.

BROWN DOG TICKS AND FLEAS: Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices along and behind baseboards, window and door frames and localized areas of floor and floor covering where these insects may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

DIRECTIONS FOR USE - Cont.

FLIES AND MOSQUITOES: Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

COCKROACHES, ANTS, EARWIGS, WATERBUGS, SILVERFISH, SPIDERS and CRICKETS: Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor using, junction or switch boxes. Prior to application de-energize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in "ON" position. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

FOOD AREAS - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY: Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food in exposed and facility is in operation).

SERVING AREAS: Facilities where foods are served such as dining rooms, but excluding areas where foods may be prepared or held, apply as a spot treatment to selective surfaces, such as baseboards, under elements or construction and into cracks and crevices. Avoid treating surfaces likely to be contacted (food. (Do not apply when facility is in operation or foods are exposed.)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 28293-99."
 - b. Please move your xylene range aromatic solvent into your inert ingredient statement on your label.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 3(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
