OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Lee Tharrington
Registration Specialist
Unicorn Laboratories
12385 Automobile Blvd.
Clearwater, FL 33762

JAN 30 2001

Subject: Chlorpyrifos MOA dated June 7, 2000
Unicorn Dursban Spray Insecticide
EPA Reg No.: 28293-99
Submission Dated: 12/19/00

Dear Mr. Tharrington:

The revised labeling referenced to above, submitted in connection with the registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) as amended, is acceptable, provided you submit one copy of your final printed label prior to releasing the product for shipment. If the conditions enumerated above are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e).

1). Per the Label Review Manual, the Storage and Disposal section must be revised to include the following text noted in **bold type**:

Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in original container in a cool, locked storage area away from heat and open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

2). The Agency acknowledges the change in container size to 15 gallons as indicated on EPA Form 8570-1 dated 12/19/00.

3). We strongly recommend that you add personal protective equipment (PPE) text to your label. The text should be based on the toxicity of your product and should, at the least, state something like:

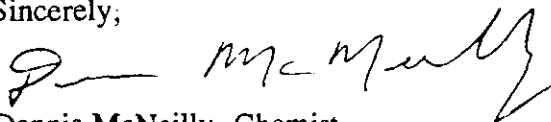

Applicator and other handlers should wear:

- Long sleeved shirt and long pants,
 - Chemical gloves made of any waterproof material, and
 - Sock plus shoes.
- (-Respiratory protection, if appropriate, may also be recommended.)

4). Although crack and crevice treatment is mentioned in your "General Information" section, no specific directions are provided for this use. You must revise your label to include this required text.

A stamped copy of the label is enclosed for your records. If you have questions about this label review, please contact me at (703) 308-6742 or electronically at McNeilly.Dennis@EPA.gov. You may also contact Judy Loranger at (703)-308-8056 if you have specific questions regarding this letter.

Sincerely;

Dennis McNeilly, Chemist
Insecticide-Rodenticide Branch
Registration Division (7505C)

Enclosure: stamped label

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs, and water supplies. Wash thoroughly after handling. Do not enter or allow others to enter the treated area until sprays have dried. Do not spray air in rooms or use on plants. Apply as a surface spray only as specified on this label.

Environmental Hazards

This product is extremely toxic to fish, birds and other wildlife. Do not apply directly to water. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent aquatic sites. Cover or incorporate spills. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

Physical or Chemical Hazards

Do not use, pour, spill or store near heat or open flame.

Do not apply sprays of this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard.

First Aid

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air and apply respiration if indicated.

IF ON SKIN: Wash promptly with soap and water. Rinse thoroughly.

IF IN EYES: Flush with plenty of water. If irritation persists, get medical attention.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PEST CONTROL WITHIN INDUSTRIAL AND MANUFACTURING PLANTS

GENERAL INFORMATION: Use DURS BAN SPRAY insecticide as a spot or crack and crevice treatment to control pests indicated in the areas listed below by application of the product as an undiluted spray (0.5% chlorpyrifos). This product has residual activity and keeps working for weeks after application. Repeat the treatment as needed.

Do not allow spray to contact food, feedstuffs, and water supplies.

EPA EST. NO. 62478-FL-1A
44316-MO-1B
Subscript used, is first letter
of pin code on container.

5/15

Application Within Nonfood Areas of Industrial and Manufacturing Plants:

FOR SPOT TREATMENT ONLY - Apply as a coarse spray or with a paint brush to localized areas where cockroaches (including strains resistant to other insecticides), ants, clover mites, crickets, firebrats, silverfish, and spiders are found or normally occur. For ants apply to ant trails, also around doors and windows and wherever else these pests may find entrance. NOTE: A period of 4 to 7 days is normally required for maximum effect on cockroaches.

STORAGE AND DISPOSAL

STORAGE: Store in original container in a cool, locked storage area away from heat and open flame.

DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
