NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 28293-111."
 - b. A 1-year storage stability study for this product must be submitted within 15 months from the date of this letter.
 - c. Revise your Storage and Disposal directions to read:

Storage and Disposal

Store in original container in cool, locked storage area. Do not reuse empty bottle. Wrap bottle and put in trash collection.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

Lanence J. Schnaubelt

DATE

JUL 11 1986

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENT

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Do not get in eyes, on skin or clothing. Harmful if swallowed. Avoid prolong contact of this product with the skin. Wash thoroughly after applying this product to animal. Do not apply to sick, convalescent or nursing animals or animals under 1 month of age. Do not use other pesticides within one week of treatment.

NOTE TO PHYSICIAN: This product is a cholinesterase inhibitor. Atropine Sulfate is antidotal.

STATEMENT OF PRACTICAL TREATMENT

If In eyes: Flush with plenty of water. Get medical attention if irritation persists.

If On Skin: Wash thoroughly with soap and water.

If Swallowed: Call Physician or Poison Control Center at once. Drink 1 or 2 glasses of water and induce vomiting by touching finger to back of throat. Never give anything to an unconscious or convulsing person.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Ticks on dogs can be killed by dabbing the applicator directly on the ticks attached to the animal. To control Fleas on cats and dogs, invert the applicator and hold firmly against the skin; then slowly circle the neck twice, rub once along the under side and once down the back line of the animal. Apply weekly or as needed.

STORAGE AND DISPOSAL

Store in original container in cool, locked storage area. Do not reuse bottle. Empty completely, wrap in newspaper before discarding in trash.
