ACCEPTED
DEC 20 2000

MANUFACTURED BY:
Unicorn Laboratories
12385 Automobile Blvd.
Clearwater, Florida 33762

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 28293-121

EPA REG. NO. 28293-121 (AMD: CHL MOA)
EPA EST. NO. 62478-FL-1A; 44616-MO-1B
Subscript used is first letter of run code on container.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Keep out of reach of children. Avoid breathing spray mist. Avoid skin and eye contact. Wash thoroughly after handling and before eating and smoking.

First Aid

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water. Wash clothes before reuse.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. If symptoms of cholinesterase inhibition appear, atropine only by injection is an antidote.

Environmental Hazards

This pesticide is highly toxic to fish. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

Physical or Chemical Hazards

Do not apply this water-based product in conduits, motor housing, junction and switch boxes or other electrical equipment because of possible shock hazard. If there is need to treat such areas use only oil-base sprays.

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PESTS INDOORS: Use this product as a spot treatment to control cockroaches, waterbugs, palmetto bugs, ants, crickets, firebugs, silverfish, clover mites, centipedes, millipedes, earwigs, sowbugs and spiders in and around industrial and manufacturing plants, boxcars and ship cargo holds. Treat only non-food areas of ships and boxcars.

Apply as a spot or crack and crevice treatment to areas where these pests are found or may hide. Pests flushed out of hiding should be sprayed directly. Treat ant trails, nests and point of entry. Repeat treatment as necessary. **Do not use as a space spray.**

Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE AND SPILL PROCEDURES: Store upright at room temperature. Avoid exposure to extreme temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
