If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If In Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment..	

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CATS AND DOGS

To Kill Brown Dog Ticks and Fleas: Cover animal's eyes. With a firm stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, rub into face, around mouth,

nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Repeat treatment every week, as needed.

PUPPIES AND KITTENS

Treat same as cats and dogs except nursing puppies and kittens. Spray only along back or on your fingertips and rub in. Do not use on puppies and kittens under twelve (12) weeks of age.

PETS SLEEPING QUARTERS

Spray around baseboards, windows, door frame, wall cracks and local area of floors. If mosquitoes, gnats or flies are present, spray lightly into the air. Repeat as needed. The pets bedding should be sprayed; making sure the area beneath the bedding is sprayed. After spray has dried, remove old bedding and replace with fresh bedding. Treat pets with one of our registered Flea and Tick Control products before allowing them to enter treated area.

STORAGE AND DISPOSAL

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: **If empty** - Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled** - Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
