

NOTE: Changes in labeling form are required for a substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration is conditionally registered in accordance with FIFRA sec. 3(c)(5) and that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Change the phrase, "EPA Reg. No. 100-119." to:

b. Change "In the home do not use on food handling surfaces" to "Do not use in commercial food processing preparation, food storage or serving areas. In the home all food processing surfaces and cooking surfaces covered should be thoroughly washed after treatment. All food should be removed."

**CONTAINER DISPOSAL: Do not reuse empty container. Wrap container and place in trash collection.**

- d. Delete the term "Professional Strength" from the label.
- e. Since your data matrix does not include a dielectric breakdown voltage you must add the following to the use directions:

"Do not use in or on electrical equipment do to the possibility of shock hazard."

- 3. Provide the analytical method and the method used to analyze for the active ingredients since the reference listed is not a similar formulation.
- 4. Supply the one year storage stability data when it is complete.
- 5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFPA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca

~~CONFIDENTIAL~~

## CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

In the home do not spray food handling surfaces.

Remove pets, birds and cover fish aquariums before spraying. Do not allow humans or pets to contact treated surfaces until spray has dried.

Do not use in commercial food processing plants, food storage or serving areas. In the home all food processing surfaces should be covered or removed.

### Physical Hazards

Do not use or store near heat or open flame.

### DIRECTIONS FOR USE

#### SHAKE WELL BEFORE USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**General:** Use this residual spray as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product as a coarse spray to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

#### FOR SPOT TREATMENT:

**To Kill Ants, Cockroaches, Crickets, Silverfish, Spiders, Sowbugs, Carpet Beetles, Scorpions and Black Widow Spiders:** Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance. Repeat as necessary.

**To Kill Brown Dog Ticks and Fleas:** Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. **Do Not Spray Pets With This Product.** Pets should be treated with a registered flea and tick product before reentering area.

BEST AVAILABLE COPY

To Kill Ants, Cockroaches, Crickets, Silverfish, Sowbugs, Spiders, Earwigs, Brown Dog Ticks, Fleas, Carpet Beetles, Dermestids, Scorpions, and Black Widow Spiders:  
Apply spray in small amounts directly into cracks and crevices. A stream-like spray should be used in points between different elements of construction, between appliances and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide.

Care should be taken to avoid introducing the material into the air. Avoid contamination of food or food processing surfaces.

#### OUT OF DOORS:

Flies and Mosquitoes: Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting places (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment as necessary.

*Do not use in areas where children play or where food is prepared or stored. Do not use in areas where extreme temp. Keep out of reach of children.*

*Post-disposal: Securely wrap original container in several layers of newspaper and discard in trash.*

*Certain Disps: Do not reuse in, for instance, a p. container and place in trash collection.*
