APR 02 1991

Mr. Barry J. Santerre  
Unicorn Laboratories  
1000 118th Avenue North  
St. Petersburg, FL 33716

Dear Mr. Santerre:

Subject: Revised Label  
Unicorn House and Carpet Spray II  
EPA Registration No. 28293-160  
Your Submission Dated March 19, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

We are deferring further comments on the flammability issue at this time. Refer to the Agency's February 20, 1991 Federal Register notice on this subject [56 FR 6856]. We note that storage stability data will be submitted under separate cover.

Sincerely yours,

*RFM*  
Richard F. Mountfort  
Product Manager (10)  
Insecticide-Rodenticide Branch  
Registration Division (H7505C)

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

**CAUTION**

Harmful if swallowed or absorbed through skin. Contains petroleum distillate. Do not induce vomiting because of aspiration hazard. Avoid breathing vapors. Avoid contact with skin or eyes. In case of contact, immediately flush with plenty of water.

Do not use in commercial food processing, storage, preparation or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS.

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

To Kill Carpet Beetles: Directly spray as many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture and wherever these insects are seen or suspected. Repeat as necessary.

To Kill Adult Fleas and Brown Dog Ticks: Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, walls, cracks and local areas of floors. Place fresh bedding in pet's quarters after spray has dried. Repeat as necessary. Do not spray animals. Pets should be treated with a registered flea and tick control product before reentering treated areas.

To treat carpets, spray at the rate of one square foot per second. Repeat treatment as necessary.
