Phaeton Corporation
c/o Ms. Rebecca Horton
Registrations by Design, Inc.
P.O. Box 1019
Salem, VA 24153

Subject: Amended Reregistration Label
Product Name: Unicorn Residual House and Carpet Spray
EPA Registration Number: 28293-167
EPA Decision Number(s): 413731, 414334, 424892

Dear Ms. Horton:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the reregistration of the referenced product in connection with the MGK-264. Permethrin, and Allethrin REDs and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 4/5/2011

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Dana Pilitt, Ph.D. at (703) 305-7071 or via e-mail at pilitt.dana@epa.gov .

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

[MASTER LABEL – COMMERCIAL USE]

UNICORN® RESIDUAL HOUSE AND CARPET SPRAY

[Optional Marketing Statements]

Pressurized Spray – Residually Kills

Ants, Cockroaches, Ticks, Fleas, and Other listed insects

For Use in Homes and Non-Food Areas of Kennels, Commercial Buildings
Warehouses, Theaters, Office Buildings, Schools, Motels, Hotels, Restaurants and
Food Processing Facilities

ACTIVE INGREDIENTS

d-trans allethrin 0.05%

N-Octyl bicycloheptene dicarboximide* 0.24%

Permethrin** 0.20%

OTHER INGREDIENTS 99.51%
100.00%

*MGK® 264, Insecticide Synergist

**cis-trans isomer ratio Min 35% (±) cis Max 65% (±) trans

MGK® 264 – registered trademark of McLaughlin Gormley King Company

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back/side/other panel(s) for additional Precautionary Statements & First Aid

NET WT _____ OZ (_____ g)

FIRST AID	
If on Skin or Clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 25-20 minutes. Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact [xxx-xxx-xxxx] [the National Pesticide Information Center at 800-858-7378] for emergency medical treatment information.	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes and clothing.

Personal Protective Equipment (PPE)

Applicators and other handlers must wear Long-sleeve shirt and long pants, Shoes plus socks, Chemical-resistant gloves made of any waterproof material. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

<p>User Safety Recommendations</p> <p>User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.</p> <p>User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.</p> <p>User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.</p>
--

ENVIRONMENTAL HAZARDS

Do not apply directly to or near water. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

Physical or Chemical Hazards

FLAMMABLE Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

SHAKE WELL BEFORE USE

Remove pets, birds, and cover fish aquariums before spraying. Do not allow adults, children or pets to enter the treated area or contact treated surfaces until spray has dried. Do not apply when food is present. Not for broadcast use on indoor residential surfaces. Outdoor use is limited to residential outdoor application to building surfaces and spot treatments on residential structures. Do not water the treated area to the point of run-off. Do not make applications during rain. Do not wet treated articles to the point of runoff or drip. Do not use treated article until spray has dried. Do not apply more than 1 time per day.

Avoid contamination of food or feedstuffs. Do not use in the food/feed areas of food handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before reuse. Nonfood/feed areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries, and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Except when applying to sewers or drains as instructed on this label, do not apply directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.

Do not use in rooms/areas while occupied by patients, the elderly or the infirm. Do not apply in classrooms while in use. Do not apply to institutions (including libraries, sports facilities, etc.) in the immediate area when occupants are present.

Do not use in aircraft cabins.

Use this spray as a spot or crack and crevice treatment to control cockroaches, fleas, silverfish, ticks, waterbugs, and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet, but not to the point of runoff. One 16 oz aerosol can treats up to 625 sq ft as a spot [surface] treatment, or up to 3,000 sq ft as a crack and crevice treatment. Reapply every 4 weeks, as needed.

Extension Tube Use This product is supplied with an extension tube which is taped to one side of the can. Place extension tube into spray nozzle. When applying product, inset extension tube into cracks, crevices, holes and other openings and dispense for 2 seconds.

FOR SPOT TREATMENT

To Kill Ants, Carpet Beetles, Cockroaches, Crickets, Silverfish, Sowbugs, and Spiders. Spray areas where these insects are found or may hide, including dark corners of rooms.

and closets, cracks and crevices in walls, along baseboards and door and window frames, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing, and other utility installations Pests driven out of hiding places should be sprayed directly For ants, spray ant trails and around doors and windows, and wherever else these pests may find entrance Reapply every 4 weeks, as needed

To Kill Brown Dog Ticks and Fleas Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings, where these pests may be present Pet's old bedding should be removed and replaced with clean fresh bedding after treatment DO NOT SPRAY PETS WITH THIS PRODUCT Pets should be treated with a registered flea and tick control product prior to reentering treated areas Also, treat yard with a product registered for yard application

FOR CRACK AND CREVICE TREATMENT

To Kill Ants, Brown Dog Ticks, Carpet Beetles, Cockroaches, Crickets, Fleas, Silverfish, Sowbugs, and Spiders Apply spray in small amounts directly into cracks and crevices Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where these insects hide

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air Avoid contamination of food or food handling surfaces

Flies and Mosquitoes Use only outdoors as an aid in reducing annoyance from these insects Do not make application during rain Apply as a spot or crack and crevice spray to outside surfaces of window and door frames as well as other areas where these pests may enter the home Also spray dark corners and localized resting areas (such as under eaves) of porches, patios, and garages where these insects may congregate Flies and mosquitoes coming to rest on treated surfaces will be killed Reapply every 4 weeks, if needed

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal

PESTICIDE STORAGE Store in a cool, dry place away from children and pets Keep container closed

PESTICIDE DISPOSAL & CONTAINER HANDLING Do not puncture or incinerate If empty –Place in trash or offer for recycling if available If partly filled – Call your local solid waste agency for disposal instructions Never place unused product down any indoor or outdoor drain
