Subject Amended Reregistration Label  
Product Name Unicorn IGR Pressurized Spray  
EPA Registration Number 28293-215  
EPA Decision Numbers 436013 and 427103

Dear Ms Horton

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the tetramethrin and phenothrin REDs, and has concluded that your submission is acceptable

NOTE This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time

Please be reminded that 40 CFR Part 156 140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded

- Basic CSF, dated 10/22/10

A copy of your label stamped "Accepted" is enclosed along with copies of the acute

toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec 6(e)

If you have any questions about this letter, please contact Dr. Jennifer Urbanski at 703-347-0156 or [urbanski.jennifer@epa.gov](mailto:urbanski.jennifer@epa.gov)

Sincerely,

Richard J. Gebken  
Product Manager (10)  
Insecticide Branch  
Registration Division (7504P)

See Side/Back Panel(s) for additional Precautionary Statements & First Aid

**NET CONTENTS**

**ACCEPTED**  
**JUN 26 2012**  
 Under the Federal Insecticide, Fungicide,  
 and Rodenticide Act, as amended, for the  
 pesticide registered under  
 EPA Reg No 28293-215

<b>FIRST AID</b>	
<b>If On Skin or Clothing</b>	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact [xxx-xxx-xxxx] [the National Pesticide Information Center at 800-858-7378] for emergency medical treatment information.	

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION** Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**Environmental Hazards**

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment, washwater or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions For residential use only. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Do not enter and do not allow other adults, children or pets to enter the treated area until sprays have dried. Do not allow people or pets to enter treated areas until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated. Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected, additional ventilation is required.

Remove pets, birds and cover fish aquariums and ornamental fish ponds before spraying, and turn aquariums systems off.

In the home, do not apply when food is present, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use. Cover exposed food and remove utensils in serving areas.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

5/5

**FOR INDOOR USE ONLY**

This spray kills fleas and ticks. It contains a unique combination of ingredients that kills both adult and preadult fleas. Even kills fleas before they grow up to bite. NYLAR, a unique ingredient in this flea spray, continues to kill fleas for 120 days (4 months) by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, floor cracks. Protects your home from reinfestation and fleas buildup, and your pets and family from bites. One treatment with this spray gives continuous flea protection for 120 days. Leaves no objectionable odor or sticky mess and, used as directed, does not stain furnishings.

**FLEAS & TICKS SHAKE WELL** Hold can upright 2 or 3 feet from surfaces to be treated [Turn container upside down and point valve toward surface to be sprayed] Be sure to apply uniformly using a sweeping motion to carpets, rugs, drapes and all surfaces of upholstered furniture. Be sure to treat pet bedding as this is a primary hiding place for fleas. No need to remove pet bedding after treatment. **DO NOT TREAT PETS** Use a registered flea control product on your pets in conjunction with this treatment. Avoid wetting furniture and carpeting. A fine mist or spray applied uniformly is all that is necessary to kill fleas and ticks.

**STORAGE AND DISPOSAL**

**Pesticide Storage** Store in a cool, dry area place inaccessible to children and pets  
**Pesticide Disposal & Container Handling** Do not puncture or incinerate container. Nonrefillable container. Do not reuse or refill this container. *If empty* – Place in trash or offer for recycling if available. *If partially filled* – Call your local solid waste agency for disposal instructions.
