U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

28293-356

SEP 18 2002

NOTICE OF PESTICIDE:

- Registration
- Reregistration

Term of Issuance:

Conditional

(under FIFRA, as amended)

Name of Pesticide Product:

Unicorn Fire Ant Dust

Name and Address of Registrant (include ZIP Code):

Unicorn Laboratories
12385 Automobile Blvd.
Clearwater, FL 33762

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 28293-356".

b. Under Precautionary Statements change "Harmful if inhaled. Avoid... wash clothing before use." to "Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Avoid breathing dust. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals."

Environmental Hazards

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[PRODUCT FACTS -

KILLS: Fire Ants

WHERE TO USE: In Home Lawns, Flower Gardens, around Shrubs and Trees]

[HOW IT WORKS:

1. Worker ants track the dust deep into the mound.
2. Fire ants are dead within 3-7 days.]

HOW TO APPLY:

Distribute 1 Tablespoon of dry powder over each mound. For large mounds (8" or more in diameter), apply 2 Tablespoons. Do not disturb mound during application. Do not water in. This allows fire ant workers to track the dust deep into the mound. This dust begins working on contact but mound kill is not immediate. For best results, apply in morning or evening hours. Fire ants are closer to the surface at these times and more likely to come into contact with dust. This dust will kill the fire ants within 3-7 days.

[Shaker Application – Hold container 12 to 18" above mound. Open shaker top and gently distribute dust evenly over the mound. Use 1 Tablespoon (3 shakes) per mound. For mounds 8" or larger, use 2 Tablespoons.]

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area.

DISPOSAL: If empty – Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled** – Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
