

USE DIRECTIONS:

Use at 2 ounces per gallon. This product will provide 500 ppm quaternary to the use solution. This is enough for general disinfection, fungicidal activity against pathogenic fungi and deodorizing.

For best results, use RC-5 with a cloth or mop and apply to walls, floors, table tops, counters and garbage pails.

For use in hospitals, 3 ounces per gallon will be required for disinfection against Pseudomonas aeruginosa.

For heavy soil, a pre-cleaning step is recommended before using RC - 5 .

Sanitization

When used for sanitization of previously cleaned food processing or food contact items, limit the level of active quaternaries to 200 ppm (4 ounces per 5 gallons of water) and submerge article in sanitizing solution or apply sanitizing solution with cloth or sponge. **NO POTABLE WATER RINSE IS REQUIRED.**

PHENOL COEFFICIENTS:

Guaranteed	Minimum
S. aureus	30
S. typhosa	19

Rinse empty container thoroughly with water before discarding or returning drum to drum reconditioner.

(RC - 5)

**CLEANER
DEODORANT**

**DISINFECTANT
FUNGICIDE**

ACTIVE INGREDIENTS:

n-Alkyl (60% C ₁₄ , 30% C ₁₆ , 5% C ₁₂ , 5% C ₁₈) dimethyl benzyl ammonium chlorides	1.6%
n-Alkyl (68% C ₁₂ , 32% C ₁₄) dimethyl ethylbenzyl ammonium chlorides	1.6%
Sodium Carbonate	3.0%

INERT INGREDIENTS: 93.8%
100.0%

RC-5 is a cleaner, disinfectant, and sanitizer designed for general household and light industrial cleaning. For use on walls, floors and similar inanimate hard surfaces. When used as directed, RC-5 will also deodorize those areas which generally are hard to keep fresh smelling, such as garbage pails, sink tops, and bathroom areas which are prone to odors caused by the growth of some micro-organisms. Effective against Staphylococcus aureus and Salmonella choleraesuis at 2 ounces per gallon. Also effective against pathogenic fungi, Trichophyton interdigitale, at this use dilution.

At 3 ounces per gallon, a hospital disinfecting claim against Pseudomonas aeruginosa can be made.

When used for sanitization of food processing and food contact items, limit the active quaternaries to 200 ppm. At this level, **No Potable Water Rinse** is required.

DANGER
KEEP OUT OF REACH OF CHILDREN

See right side panel for additional precautionary and first aid statements.

DANGER

Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling concentrate. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician.
