

APR 12 1991

Mr. William F. Wright
Webb Wright Corporation
P.O. Box 1572
Fort Myers, FL 33902

Dear Mr. Wright:

Subject: Pyrellin E.C.
EPA Registration No. 30573-2

In our efforts to assist you in an expeditious manner in getting your submission of June 6, 1990 approved, we inadvertently stamped a copy of labeling submitted by you which violates the regulations in Section 156.10(5)(1-ix) of Title 40 of the Code of Federal Regulations.

The following should be done:

- 1. You should either delete the following statements from your labeling as they are too promising:

Pyrellin E.C. is a broad spectrum insecticide utilizing natural pyrethrins for quick knockdown, rotenone for longer kill with aphid control, and essential oils for insect activation, gustatory inhibition, and insect repellence.

- o SAFETY with proven EFFECTIVENESS
- o Over 20 years use in rigorous and demanding South Florida agriculture
- o Cost effective
- o Approved for preharvest use

2. Or, you should use only the labeling enclosed which was the labeling for which the approval was intended. This stamped approved labeling should also enable you to meet the California Department of Food and Agriculture labeling requirements.

Should you have further questions on this matter feel free to contact me or Mr. Willie Nelson of my staff.

Sincerely yours,

Phil Hutton
Product Manager (17)
