

Lea Chemicals, Inc.

P. O. Box 868
Marianna, Florida 32446

DESCRIPTION

For use in meat packing plants, bakeries, food processing plants, warehouses, boxcars, poultry plants, restaurants, super markets, bottling plants . . . wherever food products are made, stored, shipped or handled. Recommended for use in hotels, motels, institutions, theaters, hospitals, transportation facilities, trains, buses, planes.

Quik-Kill Insecticide Concentrate kills flies, mosquitoes, roaches, waterbugs, fleas, silverfish, and spiders that are contacted by the product.

May be used undiluted or can be diluted 1-1 with Aromatic Petroleum Distillate, and yield an AA grade fly spray, GS-72-54. Do not apply in food processing areas when these areas are in operation.

Remove or cover exposed foodstuffs while spraying. After spraying, thoroughly wash all surfaces on which spray may have deposited with a detergent solution and rinse with potable water. Noncorrosive and nondeleterious to equipment, machinery and utensils. Modern insect control requires regular treatment and good house-keeping.

ICC: Insecticide O.T.A.

DIRECTIONS FOR USE

- Flies and Mosquitoes:** Close doors and windows. Direct spray towards ceiling and fill entire room with fog. Keep room closed for 10 to 20 minutes. Sweep up and destroy fallen insects. Do not remain in treated areas. Ventilate the area after treatment is completed. Repeat treatment as frequently as required.
- Cockroaches, Waterbugs, and Silverfish:** Thorough and repeated spraying of the infested area should be done, hitting as many of the insects as possible. Pay particular attention to spraying in cracks, crevices baseboards and other hiding places.
- Fleas infecting premises:** Can be controlled quickly and effectively by spraying floors and cracks of the infested areas. Fleas lurk in carpets and upholstered furniture. Spray liberally in these areas, as well as in baseboards, wall cracks and sleeping quarters of animals for direct contact with these pests.
- Spiders:** Spray directly into or on spider webs with as wet a solution as possible. Also spray directly on all visible spiders with a wet spray.
