

DIRECTIONS FOR USE

SURFACE APPLICATION: To control roaches, silver fish, crickets and spiders: Apply as a coarse wetting spray directed into locations where these insects may hide, behind baseboards, mouldings, cabinets, shelves, sinks, door and window frames, around plumbing, drains and in dark corners and into cracks and crevices, hitting insects with the spray whenever possible. Repeat treatment as necessary.

Against ant infestation, treat shelves, cabinets and storage areas; spray ant runs, trails baseboards, thresholds and other places of entry, and treat nests liberally. Repeat treatment as necessary.

In controlling fleas and Brown Dog ticks in houses, direct the application toward the lower wall portions, baseboards, rugs, carpets and floors of infested areas. Animal quarters, kennels and bedding should also be sprayed.

To control bedbugs effectively, apply liberally to top, ends, sides and bottom of mattresses, spraying thoroughly all tufts, seams and folds. Spray springs and frame, directing the liquid into all cracks and lock joints. Treat walls, baseboards, moldings, floors, closets and bedroom furniture, picture frames, with particular attention to protected bedbug hiding and breeding places.

For most effective control of clothes moths and carpet beetles, remove infested articles from storage, brush thoroughly and, if possible, air several hours in direct sunlight. Apply spray liberally in empty chests, closets, bureaus and storages, directing the liquid into cracks, joints and crevices. After airing, infested articles may be treated by holding the spray nozzle at least 3 feet away from the fabric and applying the liquid lightly to the seams to avoid the possibility of staining. Treat both side of rugs, carpets and pads, and all exposed and accessible surfaces of overstuffed furniture. Do not overspray if products are made of rubber or are rubber coated, to prevent expansion or swelling. Repeat treatment monthly unless the articles are stored in moth-tight containers.

To control infestations of granery weevil, rice weevil, sawtoothed grain beetle, confused flour beetle, rusty grain beetle, red flour beetle, meal worms, grain mites, Angoumois grain moth, Indian meal moth, and Mediterranean flour moth in food storage areas: If possible, clean out and destroy any infested food products; otherwise, fumigation or other effective treatment should be made using an approved product intended for this purpose. Apply this spray thoroughly to all surfaces of shelves, cabinets, bins, pantries, and similar food storage areas with particular attention to cracks, crevices, and other hiding places.

Net Contents Gallon

For use in Homes, Institutions, Restaurants,
Bakeries and Food Processing Plants.
EFFECTIVE, FAST ACTING

Heavy Duty Type ROACH KILLER

**KILLS ON CONTACT
EXPOSED OR ACCESSIBLE STAGES OF:**

- ROACHES
- SILVERFISH
- CRICKETS
- SPIDERS
- FLEAS
- BEDBUGS
- MEAL WORMS
- GRANERY WEEVIL
- RED FLOUR BEETLE
- CLOTHES MOTHS
- CARPET BEETLES
- ANGOUMOIS GRAIN MOTH
- CONFUSED FLOUR BEETLE
- SAW TOOTHED GRAIN BEETLE
- BROWN DOG TICKS in Buildings

ACTIVE INGREDIENTS:	100%
Pyrethrins _____	0.15%
Piperonyl Butoxide, Technical* _____	0.75%
Petroleum Distillate _____	99.10%

* Equivalent to 0.6% (butylcarbityl) (6-propylpiperonyl) ether and to 0.15% of related compounds

EPA Reg. No. 31606-3 N.Y.-1

See side panel for additional precautions.

CAUTION: Keep out of reach of children
