

DIRECTIONS FOR USE

This is a quick-acting, insecticide, repeat treatment when re-infestation occurs.

For control of COCKROACHES and ANTS use a dust applicator, apply as a spot or crack and crevice treatment to infested areas or likely hiding places, in dark corners, cracks, crevices, behind base boards, in window and door frames, behind and under cabinets, equipment and in and around garbage cans. Repeat treatment as necessary.

For control of SILVERFISH treat as for roaches and ants but with particular attention to shelving, book cases, dresser drawers, inside of cabinets, closets and attics. Repeat treatment as necessary.

For control of FLEAS in animal quarters, treat bedding, floor and floor coverings and any areas where fleas may hide.

For control of FLEAS on cats and dogs, apply this powder to the body of the animal by covering the eyes and starting at the head working back to the tail, pay particular attention to the legs and tails. Rub the powder against the hair. Repeat treatment as necessary.

Do not treat kittens and puppies until four weeks of age.
