Stone Mountain, GA 30083

Attention: Thomas N. Leeper

Gentlemen:

Subject: Sani-Chem No Rinse Disinfectant  
EPA Registration No. 32184-5  
Your Application Dated May 24, 1988

The amendment referred to above, submitted in connection with the Label Improvement Program Notice for Antimicrobial Products Used as Food Contact Surface Sanitizers, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
  - a.
  - b. The signal word "DANGER" must be placed directly below the statement "Keep Out of Reach of Children" (center panel only).
  - c. Revise the referral statement to read:  
  
See side panel for additional precautionary labeling.
  - d. Revise the "Directions" heading to read:

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

-2-

- e. Include a 10-minute contact time for the disinfection section.
- f. Delete the word "Warning" from the precautionary heading (right panel only).
- g. Revise the "First Aid" heading to read:

Statement of Practical Treatment

- 2. We have determined that this product is subject to the child-resistant packaging regulations (effective March 9, 1981).

Two suggestions for compliance are:

- a. Submit a special packaging certification statement. Specifically refer to page 388, "Contents of Certification." Ref: Federal Register Vol. 49, No. 2, Wednesday, January 4, 1984 pp. 380-388.

and/or

- b. Delete all references to household/home use.

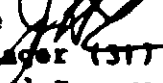

- 3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Martha DeLaney at (703) 557-6982.

Sincerely yours,

John H. Lee

DIRECTIONS

GENERAL DISINFECTION IN HOSPITALS, PUBLIC ROOMS AND HOMES. After cleaning, apply solution containing 1 ounce of Disinfectant per gallon of water for usual disinfecting applications. For disinfecting surfaces difficult to clean or contagious disease areas, use 1 ounce per gallon of water. This product may be used on finished wood, glass, tile or metal surfaces. It is recommended for floors, walls, furniture, finished woodwork, sinks and commodes. The material should be applied to a wetting concentration using a clean mop or sponge, or it may be applied in the form of a soft spray.

SANITIZATION OF GLASSWARE, SILVERWARE, DISHES, COOKING UTENSILS. Clean with a compatible detergent, rinse thoroughly, immerse in a sanitizing rinse made with 1 ounce of Disinfectant in 4 gallons of water for at least 1 minute, then air dry. Do not use a towel. Prepare a fresh solution daily or when it becomes visibly dirty. Follow the recommendations of your health department.

SANITIZATION OF DAIRY EQUIPMENT. Clean and rinse thoroughly. Then immerse in a sanitizing solution containing 1 ounce of Disinfectant per 4 gallons of water for at least 1 minute. Milk cans and other equipment should be inverted to drain well on a clean surface and air dried. Prepare a fresh solution daily or when it becomes visibly dirty. Follow the recommendations of your health department.

FLANK AND UDDER WASHING. Use 1 ounce of Disinfectant per 4 gallons of water. Use a separate clean towel for each cow. Never dip a used towel back into the disinfectant solution. Prepare a fresh solution for each milking. Prepare solution in non-corrodible containers (stainless steel, plastic). Discard solutions if they become visibly soiled or turbid. To prevent residues in milk, allow udder to air dry or dry with clean towel before attaching to milker.

SANITIZATION OF EQUIPMENT IN FOOD PROCESSING PLANTS, INCLUDING MEAT PLANTS. Clean and rinse equipment thoroughly. Then wet with a solution of 1 ounce Disinfectant per 4 gallons of water.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
WARNING

DANGER: KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, raw egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN: Probably mucosal damage may contraindicate the use of gastric lavage. Measure against circulatory shock, respiratory depression and convulsion may be needed.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with an NIDES Permit. Do not contaminate water by cleaning of equipment or by disposing of wastes.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

Pesticide disposal: Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved state procedures under Subtitle C of the Resource Conservation and Recovery Act.

Container disposal: For Metal Containers - Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures. For Plastic Containers - Triple rinse (or equivalent), then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by state and local authorities.
