

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

32258-3

Date of Issuance:

3/18/25

NOTICE OF PESTICIDE:

☒ Registration

☐ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

FloraLife® PRG

Name and Address of Registrant (include ZIP Code):

Courtney Huprich
Smithers-Oasis Company
Electronic Transmittal: [Chuprich@SmithersOasis.com]

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(C). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Demson Fuller, Product Manager 32
Branch Name, Antimicrobials Division (7510P)

Date:

3/18/25

2. You are required to comply with the data requirements described in the DCI or EDSP Order identified below:
3. a. Sodium Dichloro-s-Triazinetrione Hydrated GDCI-081407-1769

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI or EDSP Order listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 32258-3."
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 03/03/2024

ACCEPTED

03/18/2025

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 32258-3

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use this product for sanitizing water or to control microbial contamination of water for use in non-food floriculture. This product enhances vase life performance of Gerbera and other cut flowers when used as a water conditioner. This product is also effective in conditioning the water of spring bouquets containing daffodils since it will neutralize the negative effects of daffodil slime.

Application: FloraLife® PRG can be used by the floriculture industry for non-food flora as a water conditioner. Place flowers into solution immediately after re-cutting.

Dosage: Use one 120mg tablet for every 1 liter (1 quart) to 4 liters (1 gallon) of water; equivalent to 16.5 to 66.6 ppm available chlorine, depending on the expected contamination level. This solution will remain active for several days. Residual solutions should not be added to newly made mixtures.

FloraLife

FOR USE ON NON-FOOD CONTACT FLORA

PRECAUTIONARY STATEMENTS - Hazards To Humans and Domestic Animals

DANGER: Corrosive. Causes irreversible eye damage. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear gloves, goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID

If in eyes:	- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a poison control center or doctor for treatment advice.
If on skin or clothing:	- Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice.
If swallowed:	- Call a poison control center or doctor immediately for treatment advice. - Have person sip a glass of water if able to swallow. - Do not induce vomiting unless told to by a poison control center or doctor. - Do not give anything to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

NOTE TO PHYSICIAN - Probably mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix this product only with water. Contamination of this product with moisture, organic matter, or other chemicals may start a chemical reaction that generates heat, liberates hazardous gases, and generates fire and explosion.

STORAGE AND DISPOSAL - Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Keep product dry in a tightly closed container when it is not in use. Store in a cool, dry, well-ventilated area away from heat or open flame.

Pesticide Disposal: Wastes resulting from this product may be disposed of onsite or at an approved waste disposal facility.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse empty container thoroughly with water to dissolve all material before discarding. Offer for recycling if available or place in trash collection or dispose of in an approved landfill area.
