

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing.

**FIRST AID:** If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

**STORAGE & DISPOSAL:** Keep container closed when not in use. Do not contaminate water, food or feed by storage, disposal, or cleaning of equipment. Do not reuse empty container. Triple rinse (or equivalent) and dispose of container in an incinerator or in an approved landfill, or bury in a safe place. Rinse that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Open dumping is prohibited.

Seller's guarantee shall be limited to the terms of the label, and subject thereto, the buyer assumes any risk to persons or property arising out of use or handling of this product when such use is contrary to label instructions.

**BLACK  
ALGAECIDE  
FOR SWIMMING POOLS**

**SUPER STRENGTH**

<b>ACTIVE INGREDIENT</b>	
Polyoxyethylene ether sulfate	50
<b>INERT INGREDIENT</b>	50
The product contains 50% active ingredient per gallon and weighs 12.5 lbs per gallon.	

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**  
See Side Panel for Additional Precautionary Statements  
**NET CONTENTS 1 QT (32 FL OZS)**

**DIRECTIONS FOR USE  
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**SWIM FREE NON-FOAMING BLACK ALGAECIDE** is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using **SWIM FREE NON-FOAMING BLACK ALGAECIDE**.

For pools having just visible algae growth add an initial dose of 13.5 to 21 fluid ounces of **SWIM FREE NON-FOAMING BLACK ALGAECIDE** per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 7.4 to 13.5 ounces of **SWIM FREE NON-FOAMING BLACK ALGAECIDE** per 10,000 gallons of water.

To maintain pools free of visible algae growth, subsequent additions of 2.5 to 4.9 fluid ounces of **SWIM FREE NON-FOAMING BLACK ALGAECIDE** per 10,000 gallons of water should be made every 5 to 7 days after the initial treatment.

**SWIM FREE NON-FOAMING BLACK ALGAECIDE** is compatible with those chemicals normally used to treat pools and effective at both acid and alkaline pH. **SWIM FREE NON-FOAMING BLACK ALGAECIDE** can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix **SWIM FREE NON-FOAMING BLACK ALGAECIDE** with concentrated dry or liquid chlorine products.
