

This algaeicide is especially effective in controlling algae growth in all types of swimming pools. Water treated with this algaeicide can be used immediately. NO WA TING. It immediately controls existing algae and maintenance dosages control algae regrowth. This algaeicide will not cause the water to foam and will not alter the pH or chlorine of the water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INITIAL DOSE:

Apply by pouring into the pool water 7 ounces of this ALGAECIDE for every 10,000 gallons, or ratio thereof.

MAINTENANCE DOSE:

3 1/2 ounces of this ALGAECIDE should be poured directly into the pool water for every 10,000 gallons.

Initial dose is used when filling pool at beginning of swimming season. If pool has visible algae growth, treat with initial dose. Vacuum pool after 24 hours to remove algae debris. If visible algae area is still present or reappears, repeat this treatment procedure as necessary. When pool is free of visible algae, use the recommended maintenance dose.

Maintenance dose should be added at 2 week intervals. If high temperatures prevail or pool has unusually heavy use, add maintenance dose more frequently.

PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS
CAUTION

Causes eye irritation. Harmful if swallowed or absorbed through skin. In eyes, flush with plenty of water. Get medical attention if irritation persists. If swallowed, drink 2 or 3 glasses of water, induce vomiting by placing fingers in back of the throat, see a doctor. Never give anything by mouth to an unconscious person. If on skin, wash with plenty of soap and water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water.

DISPOSAL

Do not reuse empty bottle. Wrap bottle and put in trash collection.

Seller's guarantee shall be limited to the terms of the label and subject thereto, the buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions.

HOW TO ESTIMATE GALLON CAPACITY OF YOUR POOL

Measure Length (L), Width (W) and Average Depth (D) in feet.
For Square or Rectangular Pools:
L x W x D x 7.5 = Gallons
For Circular or Elliptical Pools:
L x W x D x 5.9 = Gallons
