NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.				
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.				
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.				
Registration in the way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pest-cide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.				
This product is conditionally registered in accordance with FIFRA section $3(c)(7)(A)$ provided that you:				
,1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all regis- trants of similar products to submit such data.				
Make the labeling changes listed below before you release the product for shipment.				
а.	a. Add the phrase "EPA Registration No. 32460-24."			
b.	Delete the claim "Helps reduce chlorine consumption" on the front panel or explain how this is accomplished.			
c.	c. Add under Directions for Usa: "The use of this product will not replace the need for chlorine to maintain proper sanitation."			
d. On the front panel, delete the claim "Swim Sooner." A false or misleading comparison with other pesticides would constitute misbranding under section 2(q)(1)(A) of the Act.				
e. Under Precautionary Statements, change WARNING to CAUTION. You must use one signal word consistently throughout the label.				
ATTACHMENT IS APPLICABLE
