## USE DIRECTIONS FOR CLEANING

Lightly soiled areas — surfaces to be cleaned should be mopped or brushed with a solution containing 1½ ounces of BIO-PINE per gallon of water. Rinse cleaned area with fresh water.

## USE DIRECTIONS FOR DISINFECTION

To disinfect walls, floors and other hard surfaces in homes, schools, restaurants and rest rooms mop or brush surface to be treated with a solution containing 1½ ounces of BIO-PINE per gallon of water.

Surfaces that are heavily soiled should be cleaned with 2 ounces of BIO-PINE per gallon of water and then disinfected. Those surfaces which may later come in contact with food must be thoroughly scrubbed with detergent and rinsed with water of drinking quality prior to reuse.

## SANITIZATION

To sanitize walls, floors and equipment first clean thoroughly with a solution containing 1½ ounces of BIO-PINE per gallon of water. If surface is heavily soiled, use BIO-PINE at a rate of 2 ounces per gallon to insure thorough cleaning.

### DEODORIZATION

To deodorize surfaces during cleaning, mop or brush surfaces with a solution containing 2 ounces of BIO-PINE per gallon of water. BIO-PINE is an effective antibacterial cleaner designed for use in household, schools and public rest rooms. When used as directed BIO-PINE will disinfect hard surfaces, such as floors, walls, counter tops and furniture. It may be relied upon to deodorize bathroom areas and garbage pails when obnoxious odors may develop. This product may be used as a disinfectant in homes, schools, restaurants and public rest rooms where efficient cleaning and disinfectant action is desired.

See left panel for use directions.

### KEEP OUT OF REACH OF CHILDREN

Causes severe eye irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

### FIRST AID

In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes then get medical attention promptly. In case of skin contact, flush skin with plenty of water for at least 15 minutes. Remove and wash contaminated clothing before reuse. If swallowed, do not induce vomiting, drink large quantities of fluids and get medical attention immediately.
