JUL 27 1994

Mr. Richard P. Parker Howard Johnson's Enterprises, Inc. P.O. Box 2990 Milwaukee, WI 53201

Dear Mr. Parker:

Subject: Prevents

EPA Registration Number 32802-73
Application Dated July 18, 1994, Request for an Extension of Registration; and Your Letter Dated July 15, 1994 Associated with the Application

This is in response to your application and letter requesting an extension of the subject pesticide product registration. The conditional registration of the subject pesticide product is extended to May 27, 1996 based on a request by Monsanto Company for an extension of time to submit required data to support the active ingredient source used in the formulation of Prevents. The condition for this extension is:

o Provided that the registrant of the active ingredient in this product, submits the required data to continue the registration of it (dithiopyr) as listed in the EPA Fact Sheet No. 223.

A stamped copy of the proposed label is enclosed for your records.

Sincerely yours,

Joanne I. Miller Product Manager (23) Fungicide-Herbicide Branch Registration Divison (7505C)
