## **CHEMCIDE-SBA**

#### **ACTIVE INGREDIENTS:**

Poly[oxyethylene (dimethyliminio)ethylene-	
(dimethyliminio)ethylene dichloride]	5.0
INERT INGREDIENTS	95.0
TOTAL	100

# CAUTION

	FIRST AID
lf in Eyes	Hold eyes open and rinse slowly and gently with water for 15-20 minutes     Remove contact tenses, if present, after the first 5 minutes, then continue rinsing eye     Call a poison control center or doctor for further treatment advice
If on Skin, Clothes	Take off contaminated clothing     Rinse skin immediately with plenty of water for 15-20 minutes     Call a poison control center for treatment advice
If Swallowed	- Call poison control center or doctor immediately for treatment advice - Have person sip a glass of water, if able to swallow - Do not induce vomiting unless told to do so by the poison control center or doctor - Do not give anything by mouth to an unconscious person
If Inhaled	Move person to fresh air     If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible     Call a poison control center or doctor for further treatment advice

Have the product container or label with you when calling a poison control center, or doctor or going for treatment.

## **Precautionary Statements**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams or ponds. On not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the recoverements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CHEMCIDE-SBA is used to control algae, bacteria, and fungi in recirculating commercial and industrial water cooling towers. Prior to its use, systems must be cleaned to remove algal growth, microbiological slime, and other deposits. An initial slug addition of 13.5 to 36.3 fluid ounces of CHEMCIDE-SBA per 1000 gallons of water to provide a concentration of 96 to 240 parts per million of CHEMCIDE-SBA based on the total weight of water in the system, is recommended. Repeat initial dosage until control is evident.

Subsequent slug additions of 3.6 to 36.3 fluid ounces of CHEMCIDE-SBA per 1000 gallons of water (24 to 240 parts per million of CHEMCIDE-SBA) should be employed every 2 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling towers.

CHEMCIDE-SBA is used to control bacteria in industrial air-washing systems that maintain effective mist eliminating components. Prior to its use, systems should be cleaned to remove bacterial slime and other deposits. An initial slug dose of 49.95 to 83.25 fluid ounces of CHEMCIDE-SBA per 1000 gallons of water is recommended Repeat initial dosage until control is evident. Subsequent slug additions of 33.75 to 83.25 fluid ounces of CHEMCIDE-SBA per 1000 gallons of water should be employed each 1 to 5 days, or as needed. The frequency of addition depends upon the relative amount of bleedoff and severity of the bacterial problem. Slug additions may be made to the sump or to the water collection trays of the airwash system.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Do not stack more than four drums high. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

#### PESTICIDE CONTAINER DISPOSAL:

☐ PLASTIC: Triple rinse (or equivalent). Then offe
for recycling or reconditioning, or puncture and dispose
of in a sanitary landfill, by incineration, or, if allowed by
state and local authorities, by burning. If burned, stay
out of smoke.

■ METAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
