CLOSOSOL CHLORINATING SOLUTION

ACTIVE INGREDIENT
 SODIUM HYPOCHLORITE 12.88%
 INERT INGREDIENTS 87.12%

**KEEP OUT OF REACH OF CHILDREN
 DANGER**

FIRST AID: If on skin, wash with plenty of soap and water. If in eyes, flush with water for at least 15 minutes. Get medical attention. If swallowed, drink large quantities of milk or gelatin solution or if these are not available, drink large quantities of water. Do not give vinegar or other acids. Do not induce vomiting. Get prompt medical attention.

NET CONTENTS: 1 GALLON

DIRECTION FOR USE GENERAL CLASSIFICATION

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR SWIMMING POOL CHLORINATION

For a new pool or for spring start-up, superchlorinate with one (1) pint (16 fl. ozs.) of Clososol chlorinating solution for each 3300 gallons of water. This dosage is equivalent to 5 ppm available chlorine by weight.

FOR POOL MAINTENANCE:

A) Adjust pool water pH to 7.6-7.2 range and maintain.
 B) Add manually or by a feeder device. Clososol chlorinating solution at a rate to maintain an available chlorine residual of 0.6 to 1.0 ppm. One-half pint (8 fl. ozs.) of Clososol chlorinating solution for each 8000 gallons of water will provide 1.0 ppm available chlorine by weight. Frequency of additions to maintain 0.6 to 1.0 ppm available chlorine will depend on temperature and number of swimmers. Use test kit to make certain the pH and chlorine residual are in the proper range.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage as necessary to obtain the required level of available chlorine.

STORAGE AND DISPOSAL: Store in a cool, dry area away from direct sunlight. In case of spill, flood area with large quantities of water. Rinse empty container thoroughly with water and either return to manufacturer or discard by placing in trash collection or burying in an approved land fill. Product or residue that cannot be used, should be diluted with water and disposed of in a sanitary sewer. Do not contaminate food or feed by storage, disposal or cleaning of equipment.

STATEMENTS AND DOMESTIC ANIMALS

... skin irritation or chemical burns to be fatal if swallowed. Avoid breathing or on clothing. Wear goggles or face shield when using this product. Wash hands after use as soon as possible. Do not return...

... pesticide is toxic to fish. Keep out of water. Do not be discharged into lakes or streams unless a discharge permit is obtained. For more information, contact the Environmental Protection Agency.
