Pond Block

HELPS CONTROL ALGAE GROWTH IN ORNAMENTAL FISH PONDS

ACTIVE INGREDIENTS:

Copper sulfate pentahydrate.....	1.02%
Diuron [3-(3,4-dichlorophenyl)-1,1-dimethylurea].....	0.51%
OTHER INGREDIENTS:	98.47%
TOTAL	100.00%

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Pond Block is limited for use in backyard/homeowner ponds and water fountains (maximum 3000 U.S. gallons [11000 L]). Do not use fish from treated ponds or fountains for food or feed. Pond Block helps clear cloudy water and remove algae from ornamental pond/fountain water. USE ONE BLOCK FOR WATER VOLUMES BETWEEN 100 AND 250 U.S. GALLONS (380 L - 950 L). Initial dose may require one block for each 100 U.S. gallons (380 L). For regular maintenance, replace block when fully dissolved (usually after 30 days). Not recommended for use with live plants.

STORAGE AND DISPOSAL: Storage: Store in an area inaccessible to children, water supplies and feed. Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Keep Out of Reach of Children
CAUTION

FIRST AID

Call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor.

If swallowed:	• Have person sip a glass of water if able to swallow.
If in eyes:	• Hold eye open and rinse slowly and gently with water. • Remove contact lenses, if present, after 5 minutes, then continue rinsing.
If on skin:	• Take off contaminated clothing. • Rinse skin immediately with water.
