U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs  
Registration Division (7504P)  
Ariel Rios Building  
1200 Pennsylvania Ave., NW  
Washington, D.C. 20460

EPA Reg. Number:

33034-1

Date of Issuance:

AUG 02 2010

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

Term of Issuance:

Name of Pesticide Product:

Pond Block

Name and Address of Registrant (include ZIP Code):

United Pet Group, Inc. D/B/A  
Jungle Laboratories Corporation  
P.O. Box  
Cibola, TX 78108-0630

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is reregistered in accordance with FIFRA provided that you:

- 1) Submit and/or cite all data required for registration/reregistration review of your product when the Agency requires all registrants of similar products to submit data.

Signature of Approving Official:

Tony Kish  
Product Manager 22  
Fungicide Branch  
Registration Division (7504P)

- 2) Based on the acute toxicity of this product, the text "Wear long-sleeved shirt, long pants, shoes, socks, and chemical-resistant gloves made of any waterproof material" must be added to the Hazards to Humans and Domestic Animals statements currently on the label.
  
- 3) In your "Environmental Hazards" section, delete the text "For terrestrial uses, do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate" from the label.
  
- 4) Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A stamped copy of the label is enclosed for your records. You must submit one copy of the final printed label before you release the product for shipment. Products shipped after 12 months from the date of this letter or the next round of printing must bear the new revised label. If these EPA conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA. Your release for shipment of the product constitutes acceptance of these EPA Reg. conditions. This label supersedes all other previously accepted labels. If you have any questions please call Erik Kraft at 703-308-9358 or email at Kraft.Erik@epa.gov.

**ACCEPTED**  
 with **COMMENTS**  
 In EPA Letter Dated:  
**AUG 02 2010**

Under the Federal Insecticide,  
 Fungicide, and Rodenticide Act  
 as amended, for the pesticide  
 registered under EPA Reg. No.

33034-1

PECC-4

**PRECAUTIONARY STATEMENTS  
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. For terrestrial uses, do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. This product has a potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. For terrestrial uses, do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash-waters or rinsate.

Certain water conditions including low pH ( $\leq 6.5$ ), low dissolved organic carbon (DOC) levels (3.0 mg/L or lower), and "soft" waters (i.e., alkalinity less than 50 mg/L), increases the potential acute toxicity to non-target aquatic organism.

Runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

**DIRECTIONS FOR USE:**

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift.

**FOR CONTAINERIZED PONDS ONLY.** Pond Block is limited for use in backyard/homeowner ponds and water fountains (maximum 3,000 U.S. gallons [11355 L]). Do not use fish from treated ponds or fountains for food or feed. Pond Block helps clear cloudy water and remove algae from ornamental pond/fountain water. **USE ONE BLOCK FOR WATER VOLUMES BETWEEN 100 AND 250 U.S. GALLONS (380 L – 950 L).** Initial dose may require one block for each 100 U.S. gallons (380 L). For regular maintenance, replace block when fully dissolved (usually after 30 days). Not recommended for use with live plants. This product contains a chemical known to the State of California to cause cancer.

**STORAGE AND DISPOSAL:**

**Pesticide Storage:** Store in an area inaccessible to children, water supplies and feed.

**Pesticide Disposal:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
