NOTICE OF PESTICIDE:

___ Registration
X Reregistration
(under FIFRA, as amended)

Term of Issuance:

Name of Pesticide Product:

No More Algae Liquid

Name and Address of Registrant (include ZIP Code):

United Pet Group, Inc. c/o Landis International, Inc.
d/b/a Jungle Laboratories Corporation P.O. Box 5126
P.O. Box 630 Valdosta, GA 31603-5126
Cibolo, TX 78108-0630

~~Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.~~

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is reregistered in accordance with FIFRA section 4(g)(2)(C) provided you:

1. Submit and/or cite all data required for registration review/reregistration of your product when the Agency requires all registrants of similar products to submit data.
2. Submit one-year Storage Stability (Guideline 830.6317) study within 18 months from the date of this notice. The study must include results for both diuron and copper sulfate pentahydrate.
3. Make all the following changes to the product label:
 - a. The First Aid statements "If Swallowed" and "If Inhaled" are optional for this product.
 - b. The Note to Physician statement is optional for this product.
 - c. Change the Hazards to Humans and Domestic Animals statement to read as follows:
"Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Wear long-sleeved shirt, long pants, shoes, socks, and chemical-resistant gloves made out of any waterproof material."

- d. Remove the second paragraph "This pesticide is toxic to fish and aquatic...equipment washwaters or rinsate." under Precautionary Statements.
- e. Change the Environmental Hazards section to read as follows:
"This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff."
- f. Change the restriction under Directions for Use to read "Do not apply this product in a way that will contact adults, children, or pets either directly or through drift. Keep people and pets out of the area during application."
- g. Change the use site from "backyard/homeowner ponds" to "backyard/home ponds".
- h. Correct the typo in the application rate from "ON TEASPOON" to "ONE TEASPOON".
- i. The Storage and Disposal statement "Open burning and dumping are prohibited." should be removed or relocated under Pesticide Disposal and Container Handling section.
- j. Remove the Storage and Disposal statement "Do not reuse empty container."
- k. Change the heading from "Pesticide Disposal" to "Pesticide Disposal and Container Handling". Change the text to read "Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain."

The basic confidential statement of formula (CSF) dated July 28, 2008 is acceptable.

A stamped copy of your label is enclosed for your records. You must submit one (1) copy of the final printed label before you release the product for shipment. Products shipped after twelve (12) months from the date of this notice or the next printing of the label, whichever occurs first, must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. For terrestrial uses, do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. This product has a potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. For terrestrial uses, do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash-waters or rinsate.

Certain water conditions including low pH (≤ 6.5), low dissolved organic carbon (DOC) levels (3.0 mg/L or lower), and "soft" waters (i.e., alkalinity less than 50 mg/L), increases the potential acute toxicity to non-target aquatic organism.

Runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift.

No More Algae® Liquid – Prevents Algae Growth

FOR AQUARIUMS AND CONTAINERIZED PONDS ONLY. NO MORE ALGAE helps inhibit the growth of many types of algae in freshwater aquariums and backyard/homeowner ponds. (limited to a maximum capacity of 3,000 gallons, [11,000 L]). Also retards growth of suspended algae blooms and algae which grow on the sides of backyard ponds and aquariums. **Do not use fish from treated water fountains or patio ponds for food or feed. Remove carbon from filter during use.**

SHAKE WELL BEFORE USING. USE ON TEASPOON (5 mL) OR ONE CAPFUL TO TEN GALLONS (40 L) OF WATER. As regular maintenance, repeat treatment when algae growth begins to appear. Note: Not for use in soft and/or acid water with low alkalinity. For best results, if algae are already present on sides of aquarium, wipe clean before treating. Contents treat up to 960 gallons (3,600 L). **Do not use in tanks, water fountains, or patio ponds with live plants, snails or other invertebrates.** Warning: This product contains a chemical known to the State of California to cause cancer.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open burning and dumping is prohibited. Do not reuse empty container

Pesticide Storage: Store in an area inaccessible to children, water supplies and feed. Store product in original container.

Pesticide Disposal: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
