

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs Registration Division (7505P) Ariel Rios Building 1200 Pennsylvania Ave., NW Washington, D.C. 20460

EPA Reg.	Date of Issua
Number:	

33068-3

JAN 0 4 2013

NOTICE OF PESTICIDE:

<u>x</u> Registration Reregistration (under FIFRA, as amended) Term of Issuance: Unconditional

Name of Pesticide Product:

Aquashade-Plus

Aquashade (a Lonza company) W175 N11163 Stonewood Dr.

Suite 234

Germantown WI 53022

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration, unmber

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA sec. 3(c)(5) provided that you:

- 1. Submit and/or cite all data required for registration/reregistration review of your product when the Agency requires all registrants of similar products to submit data.
- 2. Make the following label revisions:
 - a. Revise the Environmental Hazards statement to read: "Shoreline non-target plants (e.g, cattails, water lilies) may suffer contact burn if product is applied directly to them."
 - b. Revise the EPA Reg. No. to 33068-3
 - c. Assure that the establishment number and net content are also added to the label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Submit one (1) copy of the final printed label before you release the product for shipment.

If you have any questions regarding this notice, please contact Grant Rowland at (703) 347-0254 or at rowland.grant@epa.gov.

Kathryn V. Montague

Herbicide Branch

Registration Division (7505P)

Office of Pesticide Programs

Date:

JAN 0 4 2013

ACCEPTED with COMMENTS In EPA Letter Dated:

Under the Federal Instaticide, Fungicide, and Rodenticide Act as amended, for the pesticide

registered under EPA Reg. No.

33068-3

JAN 0 4 2013

Iltems in brackets [AAA] are optional and may/may not be included on final label] {Items in braces {AAA} are for information purposes and will not appear on final label}

Aguashade-Plus

ACTIVE INGREDIENTS:	.*
Erioglaucine	30.45%
Tartrazine	2.45%
OTHER INGREDIENTS:	<u>67.10%</u>
TOTAL:	100.00%

Contains 2.92 lbs. of erioglaucine and 0.235 lbs. of tartrazine per gallon

KEEP OUT OF REACH OF CHILDREN CAUTION

See precautionary statements and first aid on back panel.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply directly to streams, other natural bodies of water, or any body of water not under total control of the user. Do not apply to water that will be used for human consumption.

PRODUCT INFORMATION

Aguashade Plus contains a blend of blue and vellow dves designed to absorb specific wavelengths of light critical to plant photosynthesis. Treated water will retain a light aqua-blue tint following application.

WHERE TO USE

For use in natural and manmade contained lakes and ponds (ornamental, recreational, fish bearing or fish farming) with little or no outflow of water, golf course ponds, and watering turf.

WHEN TO USE

For best results, apply Aquashade-Plus as a pre-emergent (prior to plant germination) before the growing season. Aguashade-Plus may even be applied directly onto ice cover, (where applicable). Use during the growing season will suppress the rate and extent of underwater growth or algae bloom, but may not eliminate it. Aquashade-Plus has reduced effectiveness in waters less than 2 feet deep and on matured submersed aquatic plants. It does not control floating algae mats, free floating plants, or emergent (shoreline) vegetation. These plants can be physically removed or treated with an appropriate EPA registered aquatic herbicide or algaecide if more complete control is desired.

When using algaecides or aquatic herbicides, always follow label restrictions, precautions and directions for use.

Either allow at least one hour for Aquashade-Plus to disperse throughout the water body before using water for swimming, irrigation or livestock watering or avoid pouring concentrate within 50 ft. of these intake/use areas, allowing dye to self-disperse into them.

MASTER LABEL - Aquashade Plus EPA Reg. No. 33068-Update: 2013-01-02

HOW TO APPLY

Measure out required amount of Aquashade-Plus into a pourable container or apply directly from the product container by pouring around shoreline water and/or in offshore areas from a boat. Aquashade-Plus will mix throughout the water on its own, however, more widespread application or aeration devices/fountains will provide quicker dispersion. Aquashade-Plus may be applied using dose metering equipment calibrated to treat inflow based upon dose/ water volume provided in the dosage rate chart.

In freezing climates, Aquashade-Plus may be poured onto the ICE in a 3 foot (1 meter) diameter circle. it will melt a hole and disperse underneath. Be certain ice conditions are safe before making application.

HOW MUCH TO USE

1. Calculate total volume of your water body into Gallons (Liters) or Acre-Feet (Cubic Meters):

Length (ft) X Width (ft) X Avg. Depth (ft) X 7.5 = Gallons

<u>Length (ft.) x Width (ft.) X Avg. Depth (ft.)</u> = Acre-Feet 43,560

Avg. Depth can be determined by taking a number of depth readings and calculating the average or estimated as 1/2 the maximum depth in evenly contoured bodies of water.

2. Based upon water volume, determine dosage rate from the chart below:

	Dosage rate* for this product (ppm total dye)				
Water volume	0.5	0.8	1.5	2.0	
10,000 gal	0.2 fl. oz.	0.4 fl. oz	0.7 fl. oz.	1 fl. oz.	
(37,850 L)	(7 ml)	(11 ml).	(21 ml)	(29 ml)	
1 acre-foot (326,000 gal)	7.9 fl. oz.	13 fl oz.	24 fl. oz.	32 fl. oz.	
1,234 cubic meters	(230 ml)	(370 ml)	(700 ml)	(930 ml)	
4 acre-feet (1.3 M gal)	32 fl. oz.	50 fl.oz.	95 fl.oz.	126 fl.oz.	
4,936 cubic meters	(930 ml)	(1.5 L)	(2.8 L)	(3.7 L)	

^{*}Use the lower (0.5 - 0.8 ppm) rates early for suppression of submersed plants (leafy pondweed, Chara, slender naiad, watermilfoil, Hydrilla) and filamentous green (Spirogyra sp.) & bluegreen algae growing at depths greater than 2 feet of the surface. Use higher rates (1.5 - 2.0 ppm) in shallow waters or in-season where growth is within 2 feet of surface.

3. Apply in season maintenance dosages, as needed, to restore loss of color due to dilution or dye degradation.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: May cause eye irritation. Avoid contact with eyes, skin, or clothing. Wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: {For containers of 5 gallons or less use only the first sentence; all other container sizes use the full paragraph)

Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regignal Office of the EPA. Shoreline NIN- tours plants (Cattails water lighter) may suffer control burns of PHYSICAL AND CHEMICAL HAZARDS in a free are the first to them.

Color and effectiveness of Aquashade-Plus will be lost in waters containing active chlorine residual such as treated swimming ponds, fountains and water features. Concentrated product can stain fabric and other porous surfaces. Avoid direct contact with these materials.

PERMITS

Some states require permits for application of this product to public waters or to bodies of water discharging into public waters. Check with your local authorities.

FIRST AID

IF IN EYES: Hold evelids open and rinse slowly with water for 15-20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance. then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE

Store in original container in a cool, dry place. Keep from freezing.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Nonrefillable container. Do not refill or reuse container. Triple rinse (or equivalent) promptly after emptying. Then offer for recycling or reconditioning if available or puncture and dispose of in approved landfill, or incineration, or by other procedures approved by State and Local authorities. Waste resulting from this product may be disposed of on-site or at an approved waste disposal facility.

WARRANTY

To the extent consistent with applicable law neither the manufacturer nor the seller makes any warranty, expressed or implied concerning the use of this product other than indicated on the label.

MASTER LABEL - Aquashade Plus EPA Reg. No. 33068-Update: 2013-01-02

To the extent consistent with applicable law buyer assumes risk of use of this material when such use is contrary to label instructions. Read and follow the label directions.
